On March 10, 2026, four affiliated hospitals - **KH Bangkae**, **KH Rattanatibeth**, **KH Sriburin** and **KH Saraburi** successfully renewed their Hospital Accreditation (HA) certification from the Healthcare Accreditation Institute during the 26th HA National Forum. Currently, a total of nine hospitals within the group have received this accreditation.

On April 28, 2026, **Kasemrad International Hospital Aranyaprathet** was accredited by Level 3 Hospital Accreditation (HA) Level 3 by the Healthcare Accreditation Institute, with the accreditation valid for a period of three years. This recognition reflects the hospital's strong commitment to maintaining sustainable standards of healthcare quality and patient safety.

Kasemrad Hospital Bangkae officially inaugurated the newly renovated “Building C – Social Security Outpatient Department,” aimed at enhancing service standards for social security patients through more efficient and modernized healthcare services under the concept of “A New Era Social Security Care.” The new service area features upgraded waiting areas, registration counters, patient screening points, blood collection and vaccination rooms, as well as expanded parking facilities to improve convenience and reduce congestion for social security beneficiaries.

Kasemrad International Hospital Vientiane officially launched **Breast Cancer Center** to enhance comprehensive cancer care services for patients. The center provides integrated services ranging from screening and diagnosis to personalized treatment, aiming to effectively meet patients’ healthcare needs. During the event, the hospital also introduced special breast cancer screening programs and treatment packages designed to encourage greater public awareness of the importance of early detection, timely diagnosis, and appropriate treatment. This initiative reflects the hospital’s commitment to improving healthcare accessibility and promoting better long-term health outcomes for the community.

Kasemrad International Hospital Vientiane held an official partnership signing ceremony with Indochina Insurance Company Limited to establish a collaborative healthcare network and expand insurance service coverage in the Lao PDR. This partnership aims to enhance convenience and accessibility for customers of Indochina Insurance by enabling them to receive medical services at the hospital without the need for advance payment.

Kasemrad International Hospital Vientiane announced the collaboration with ST-Muang Thai Insurance Company Limited in donating 1,000 doses of influenza vaccines to the public. This initiative reflects the shared commitment of both organizations to promoting public health and enhancing the quality of life and well-being of the community.

Q1/2026 Strategic & Operational Highlights

Bangkok Chain Hospital Public Company Limited, in collaboration with Bangkok Chain Dental Company Limited, officially launched the “Oral Health Promotion Program for Buddhist Monks.” The initiative provides dental services through a mobile dental clinic together with educational activities on proper oral healthcare practices, with the objective of promoting oral health and enhancing the quality of life for Buddhist monks and novices. The program will run from February to December 2026 and aims to provide services to approximately 3,000 monks.

เทคโนโลยี Oncothermia
กับการรักษาโรคมะเร็งตับ

การผสมผสานเทคโนโลยีสมัยใหม่กับการรักษาแผนปัจจุบัน

ข้อดีของการใช้ Oncothermia ในการรักษามะเร็งตับ

- การทำลายเซลล์มะเร็งอย่างเฉพาะเจาะจง: ความร้อนจาก Oncothermia จะเน้นทำลายเฉพาะเซลล์มะเร็ง โดยไม่ส่งผลกระทบต่อเซลล์ปกติในบริเวณรอบข้าง
- เสริมการรักษาแบบแผนปัจจุบัน: เมื่อใช้ร่วมกับยาเคมีบำบัดและการฉายรังสี การรักษามะเร็ง Oncothermia จะช่วยเพิ่มประสิทธิภาพและความปลอดภัยของการรักษา รวมถึงลดการเกิดภาวะแทรกซ้อนในระยะยาว
- ลดการลุกลามของโรค: สำหรับมะเร็งตับในระยะแรก การใช้ Oncothermia สามารถช่วยควบคุมการลุกลามของมะเร็งได้ดียิ่งขึ้น ทำให้ผู้ป่วยมีคุณภาพชีวิตที่ดีขึ้น

โดย นายแพทย์ อิศวเดช แสนบัว (ว.36292)
แพทย์ผู้เชี่ยวชาญด้านรังสีรักษาและมะเร็งวิทยา

* Exclude surplus revenue from 26 chronic diseases amounting to 77.5 million baht, recorded in Q2/2025 If this amount is included, revenue per head would be 4,350.9 baht per head.

Comments

For Q1/2026:

- 🏠 OPD revenue per bill increased 4.4% yoy, driven by specialized medical centers such as Radiotherapy, Surgery and Preventive Medicine Center.
- 🏠 IPD revenue per bill increased 25.5% yoy, mainly driven by complex treatment to Middle East patients along with hospital renovations at KH Bangkae, KH Pathumthani as well as medical equipment upgrades such as MRI 3-Tesla at KIH Rattanatibeth.
- 🏠 SS revenue per head increased 5.2% yoy, driven by treatment of MOU for 2 complex diseases as well as patient referral services and sleep apnea diagnostics services.

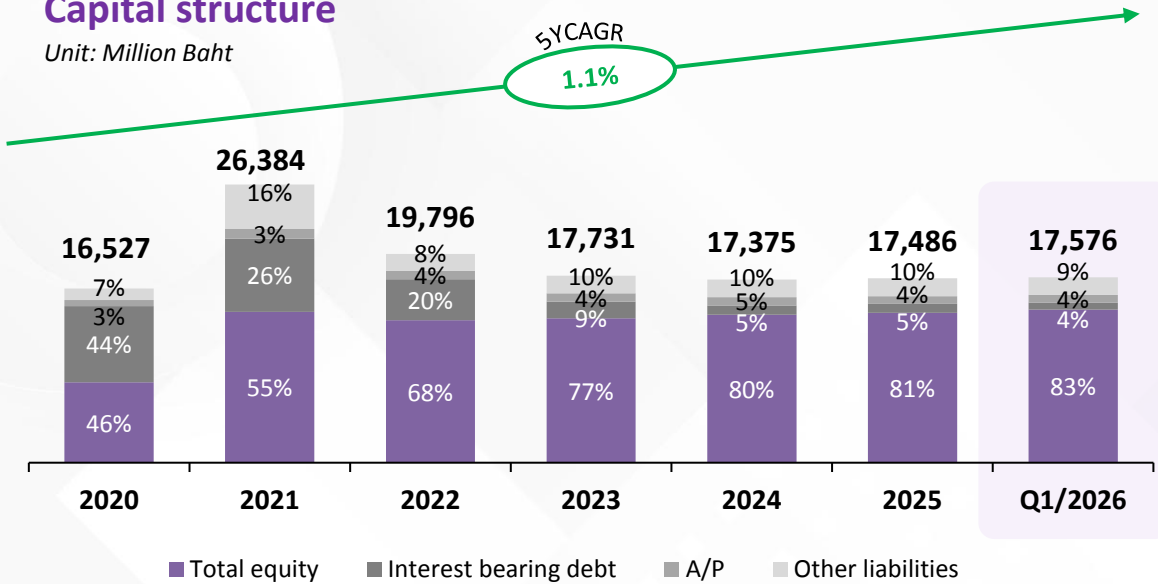

Total costs and expenses rose 3.6% YoY, mainly attributable to higher inventory and personnel related expenses.

Key Opportunity

Kasemrad International Hospital Vientiane

- Provision of specialized medical packages for highly complex treatments, which are rarely available in Lao PDR.
- Organizing hospital awareness campaigns and expanding networks with insurance companies.
- Expanding local and international agency into referral hubs.

Kasemrad International Hospital Aranyaprathet

- KIH ART is officially accredited with HA Level 3, reinforcing confidence among government and private sectors
- Expanding the patient base through brand awareness, community outreach and school collaborations in Sa Kaeo Province.

Kasemrad Hospital Prachinburi

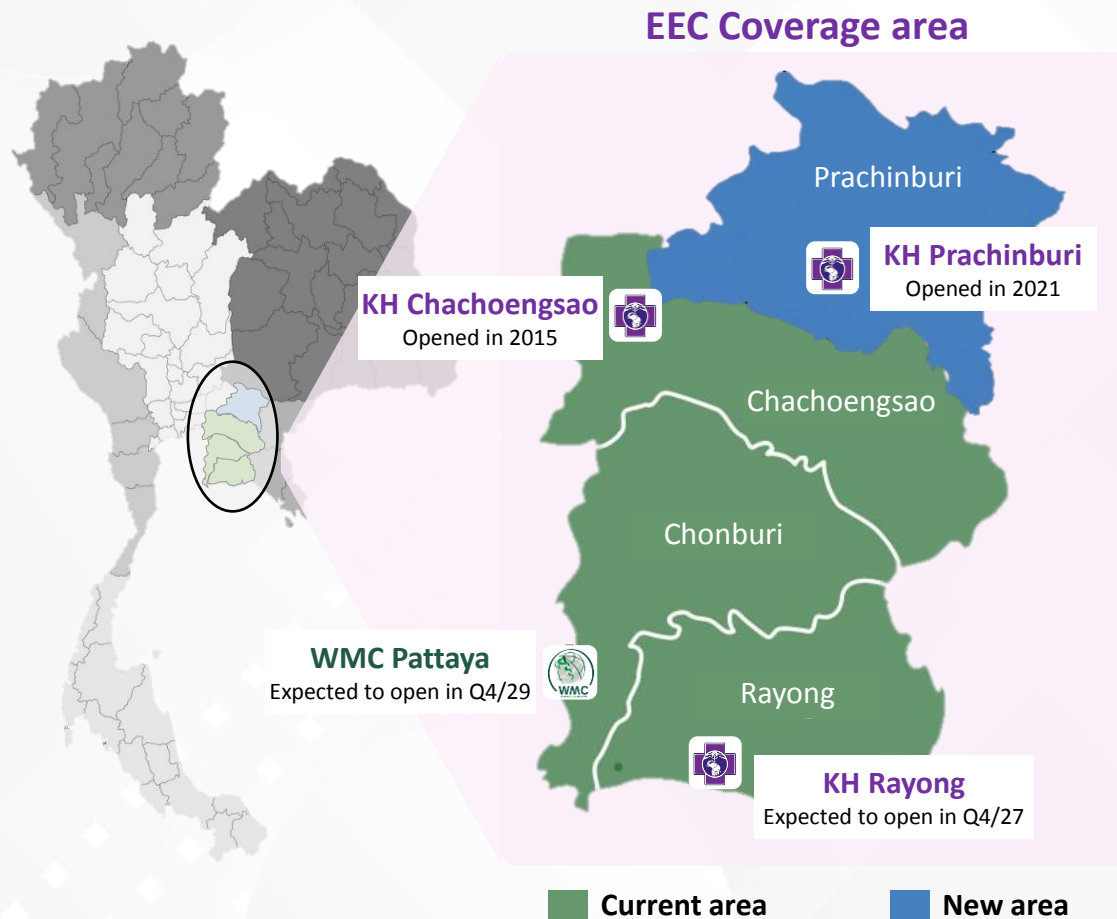

- Expansion of healthcare networks for both domestic and international insured patients
- Record-high of SS registered member at 31,028 persons.

Expansion opportunities for Kasemrad Hospital Prachinburi

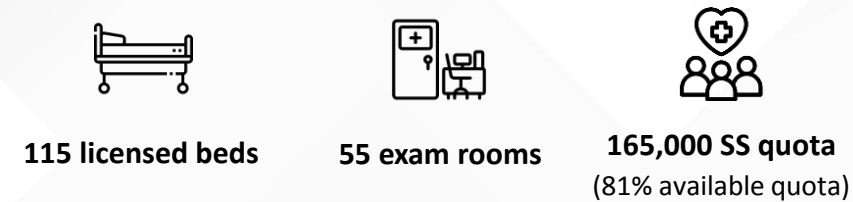

Eastern Economic Corridor (EEC)

EEC is Thailand's key economic development zone currently covering Chonburi, Rayong and Chachoengsao provinces aimed at attracting foreign investment, industrial expansion and infrastructure development. For BCH, the Company is currently applying for EEC investment benefits for hospitals located in the EEC area including Kasemrad Hospital Chachoengsao, Kasemrad Hospital Rayong and World Medical Hospital Pattaya.

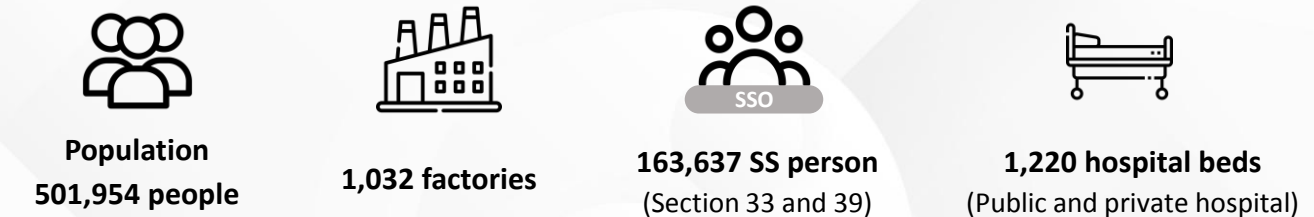

Existing capability of KH Prachinburi

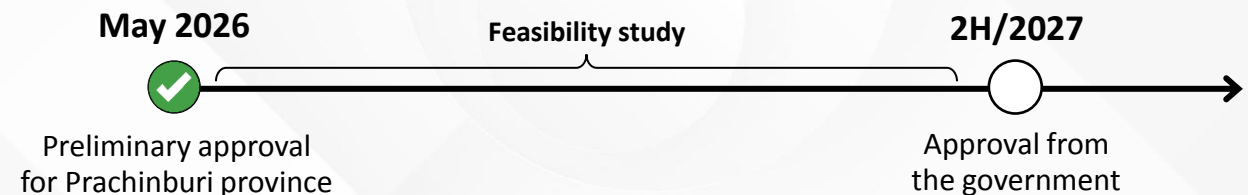

Key benefit under EEC

- ✓ Tax benefit for new specialized centers
- ✓ Ability for foreign doctors to practice

Expansion Opportunity in Prachinburi Province

Source: Department of Industrial Works, Prachinburi Provincial Labor Office, Ministry of Public Health, and Bureau of Registration Administration and Department of Provincial Administration.

The rebranding of Kasemrad Hospital Pathumthani boosted revenue and patient numbers.

Kasemrad Hospital Pathumthani

Karunvej Hospital Pathumthani was rebranded as **Kasemrad Hospital Pathumthani** on November 13, 2024. Renovations of both the existing building and the new facility commenced in May 2024, and once completed, the hospital will be equipped to serve patients at all levels, featuring 62 examination rooms and 200 registered beds.

ESG: Sustainability highlights in Q1/2026

The Company is committed to ESG-driven sustainable growth. During Q1/2026, the Company implemented the following actions:

- Reviewed corporate policies, sustainability goals, KPIs, and material topics
- Developed the organization’s GHG inventory and climate management practices
- Disclosed sustainability information on the Company website

Environmental

- Low Emission Support Scheme Project**
Participation in the TGO LESS program through activities such as solar rooftop installation, LED lighting replacement, and EV adoption, resulting in a greenhouse gas reduction of **1,272.76 tCO₂e**

- Give Life to Blister Packs Project**
collects used blister packs and medicine sachets for recycling to reduce waste and promote the circular economy.

Examples of Donation Points

KH Bangkai

KH Prachachuen

- Promoting Community Waste Segregation**
Provided waste separation bins to schools to support waste segregation and recycling.

Social

- Promoting Health Awareness and Disease Prevention**
Organized Health Talks, Doctor Talks, Facebook Live sessions, and podcasts to provide health knowledge and encourage self-care practices.
- Supporting Maternal and Child Health**
Organized Mother Classes and the Healthy Mom program to enhance knowledge on maternal and child healthcare.
- Enhancing Access to Healthcare Services**
Supported mobile medical units and the “Heart Screening for Life” project to improve access to healthcare services.
- Supporting Public Health Systems and Healthcare Collaboration**
Collaborated with healthcare networks to support the donation of 1,000 influenza vaccine doses, promoting public health and improving quality of life for community.

Governance

- Enhancing Governance Standards and Healthcare Quality**
Kasemrad Hospital International Aranyaprathet received HA3 accreditation, reflecting quality and patient safety standards in healthcare services.
- Advancing Specialized Medical Services**
Opened a Breast Cancer Center to enhance specialized healthcare services and improve access to advanced medical treatment.
