✓ Health Check-in

✓ Allergy Clinic

✓ Home Care

✓ Trust Care

✓ SSO FAMILY CARE

Kasemrad Hospital Sriburin – 5 New Services

Launched five new services under the “One Standard” concept to expand specialized care in Chiang Rai and nearby areas.

Partnership & Collaboration

World Medical Hospital & Kasemrad Network

Engaged insurance agents through medical technology activities to strengthen knowledge and partner relationships.

Kasemrad Hospital Prachachuen – MTL Smile Network

Joined the MTL Smile Hospital Network to enhance convenient and efficient healthcare access for insured customers.

Kasemrad Hospital Sriburin x Smile TPA

Signed an MOU to provide cashless medical services for Student PA beneficiaries.

Sales Promotion

Kasemrad Hospital Maesai – Hemodialysis Package

Introduced a THB 2,000/session membership package with reserved treatment slots and beds.

Kasemrad Hospital Rattanakibeth – 11th Anniversary

Held anniversary activities and special privileges to strengthen customer engagement.

Convenience Enhancement

Kasemrad Hospital Bangkai – Lawson Store

Opened an in-hospital Lawson store to enhance convenience and overall customer experience.

AGENDA

**Q2/2026
Strategic &
Operational
Highlights**

**Financial
Summary**

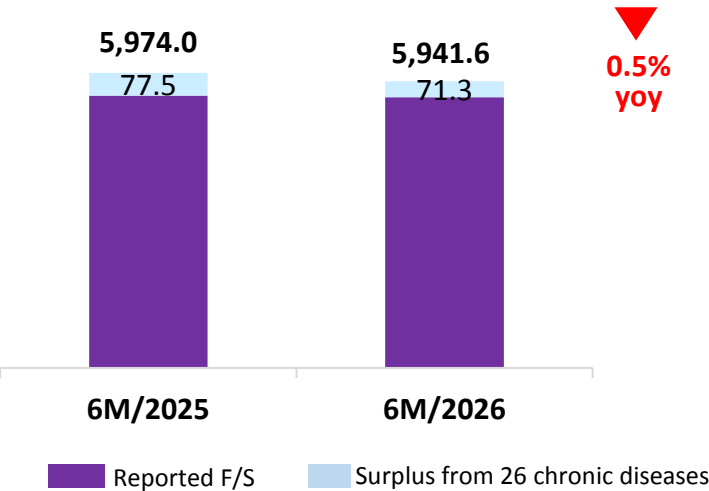

**Forward
Outlook and
ESG**

BCH's revenue slightly decreased (0.5%) YoY, reflecting weaker general patient revenue, while SSO revenue continued to expand.

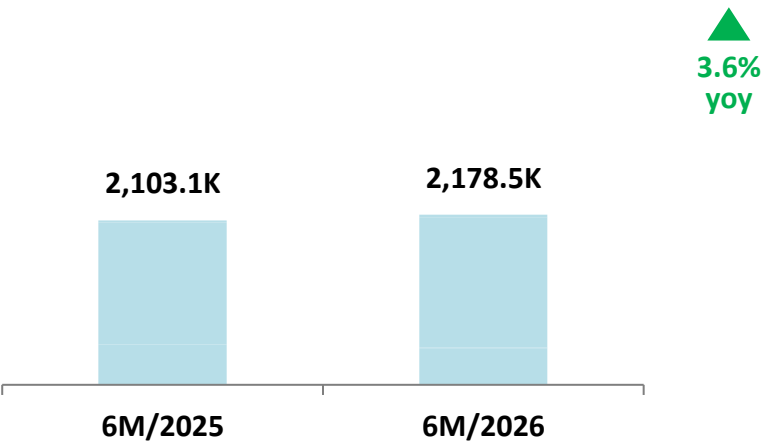

Total revenue

¹ Excluded patient volume from mobile health check-up units.

² Included surplus revenue from SSO 26 chronic diseases.

Comments

For Q2/2026:

- 🏠 OPD revenue per bill increased 4.3% yoy, driven by specialized medical centers such as Kasemrad Ari Radiation Oncology Center, along with increased revenue following the renovations at KH Bangkae and KH Pathumthani.
- 🏠 IPD revenue per bill increased 25.8% yoy, mainly driven by complex treatment to Middle East patients, revenue from WMC New Frontier Cancer Center at World Medical Hospital, as well as hospital renovations at KH Pathumthani.
- 🏠 SS revenue per head increased 4.8% yoy, driven by patient referral services for both in-network and out-of-network patients, treatment for patients with RW > 2, sleep apnea diagnostic services, and treatment of MOU for 2 complex diseases.

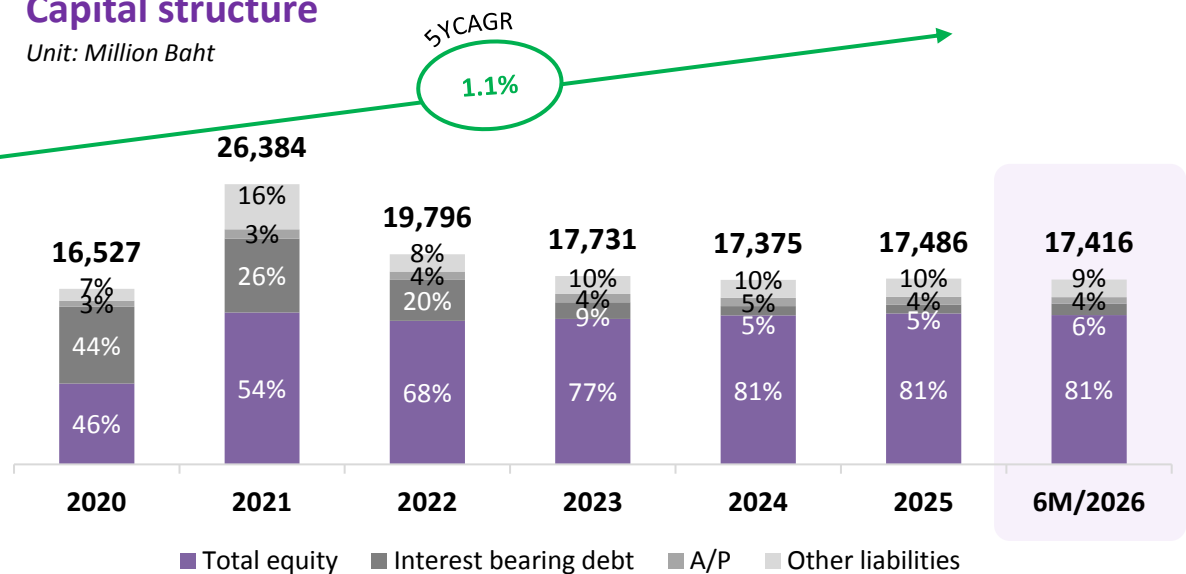

Total costs and expenses increased 0.7% YoY, mainly driven by higher medical supply, personnel and doctor costs following the reopening of renovated areas and service expansion.

The rebranding of Kasemrad Hospital Pathumthani boosted revenue and patient numbers.

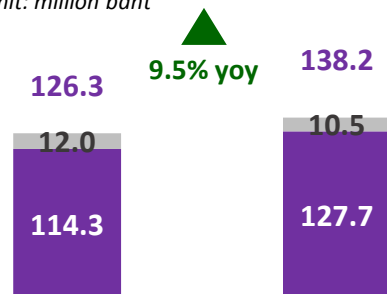

Kasemrad Hospital Pathumthani

Karunvej Hospital Pathumthani was rebranded as **Kasemrad Hospital Pathumthani** on November 13, 2024. Renovations of both the existing building and the new facility commenced in May 2024, and once completed, the hospital will be equipped to serve patients at all levels, featuring 62 examination rooms and 200 registered beds.

World Medical Hospital revenue grew from international patients

World Medical Hospital

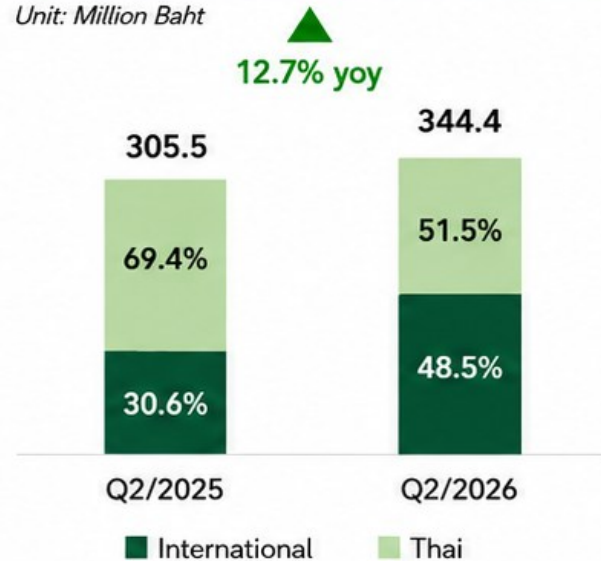

WorldMedical
PODCAST

- ★ **World Medical Hospital** is enhancing healthcare capabilities by expanding into advanced treatments and preventive healthcare services, in response to shifting consumer behavior that increasingly emphasizes health consciousness, early intervention, and proactive prevention.
- ★ **World Medical Hospital** provides healthcare services to international patients, particularly patient from Middle East, through specialized medical centers, including the Diabetic Wound Center, Heart Center, New Frontier Cancer Center, and Prime Healthspan Center etc.

1 Total Revenue

Unit: Million Baht

KEY TAKEAWAY

International revenue mix increased from 30.6% to 48.5%

2 Growth Driver

Revenue from Thai patients

16.4% YoY

Lower patient volume and weaker rehabilitation service revenue.

Revenue from International patients

78.6% YoY

Driven by UAE, Saudi Arabia, Qatar and Myanmar patients.

Growth Implication

Build on international demand through focused markets, specialized centers and a stronger patient acquisition funnel.

3 International Patient Growth Strategy

1 Targeted Market Expansion

Prioritize UAE, Saudi Arabia, Qatar and Myanmar through referral agents, partners and targeted digital campaigns.

2 Centers of Excellence

Promote Diabetic Foot, Advanced Cancer, Heart and Preventive / Healthspan services as key medical destinations.

3 Patient Acquisition & Experience

Strengthen multilingual coordination, pre-arrival support, patient journey management and post-treatment follow-up.

Awareness → Patient Acquisition → Specialized Treatment → Repeat & Referral

SC+ represents 29.4% of revenue from SSO patients utilizing additional paid services.

1 What is SC+?

SC+ is additional payment by Social Security patients for enhanced services, such as:

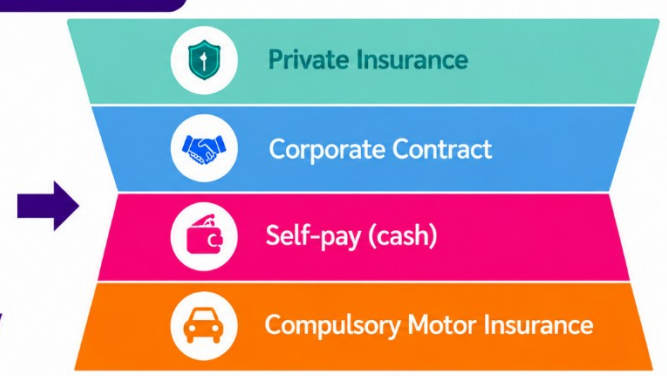

- Room upgrades
- Medications not covered by Social Security
- Other out-of-package services

10 affiliated hospitals under the Kasemrad and Karunvej brands are able to offer SC+ services.

2 SC+ Payment Mix

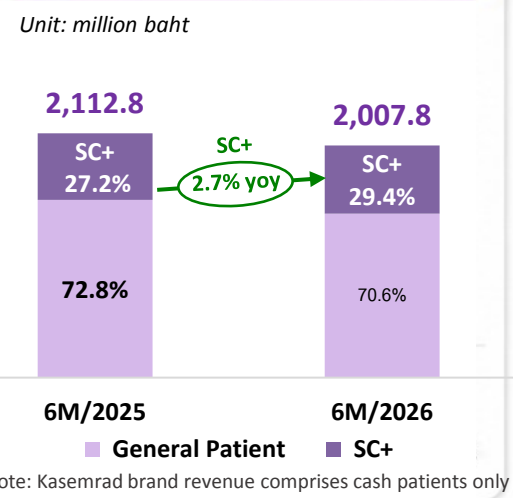

Social Security patients

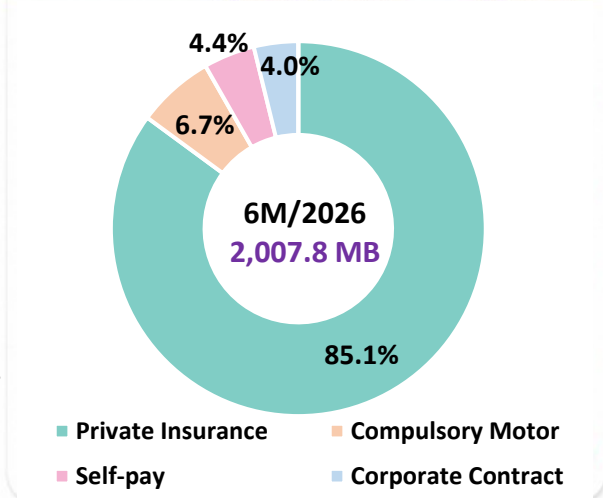

SC+ expands monetization beyond the base Social Security benefit.

3 Revenue mix by patient type

Payer mix ranked by share

4 How BCH can accelerate SC+ growth

Targeted Packages

- Room upgrade offers
- Premium drug add-ons
- Procedure bundles

Channel Partnerships

- Private insurers
- Corporate clients
- Motor insurance
- Employer networks

Center-led Promotion

- Promote specialized centers
- Upsell from Social Security to SC+ services

SC+ growth shows increasing willingness of Social Security patients to pay for higher-value services.
Examples: private rooms, non-covered medications, and other out-of-package services.

Note : 2025 financial statements have not yet been filed with the DBD

Asset Acquisition Structure

BCH acquires hospital assets only, with no assumption of legacy liabilities, enabling greater flexibility for post-acquisition integration and growth.

1 Why this transaction is attractive

Asset-only acquisition

Acquire operating assets without legacy debt obligations

Immediate market entry

Establish presence in Ubon Ratchathani through an operating hospital platform

Lower integration risk

Enables faster operational alignment under BCH management

2 3 Growth Engines

Patient Base Expansion

- Leverage BCH referral network
- Capture demand from Ubon Ratchathani and neighboring provinces
- Extend reach to Southern Lao PDR

Higher-Acuity Services

- Develop key specialty centers
- Reduce patient outflow to larger cities
- Increase revenue per patient

Capacity & Synergy Upside

- Ramp up utilization of the existing platform
- Scale services toward building capacity
- Capture procurement and management synergies from BCH

3 Growth Potential

100

Registered beds today

Regional hub potential

Lower Northeastern Thailand + Southern Lao PDR

Clean entry structure

Assets acquired, no legacy liabilities

4 Value Creation Path

This transaction creates a scalable healthcare platform in Ubon Ratchathani, supported by a clean asset-acquisition structure, BCH network integration, specialty service expansion and meaningful capacity headroom.

ESG: Sustainability highlights in Q2/2026

Karunvej Hospital Pathumthani was rebranded as Kasemrad Hospital Pathumthani in Q1/2025.

The trends of dengue fever cases and influenza cases

Unit: cases

Influenza cases per month

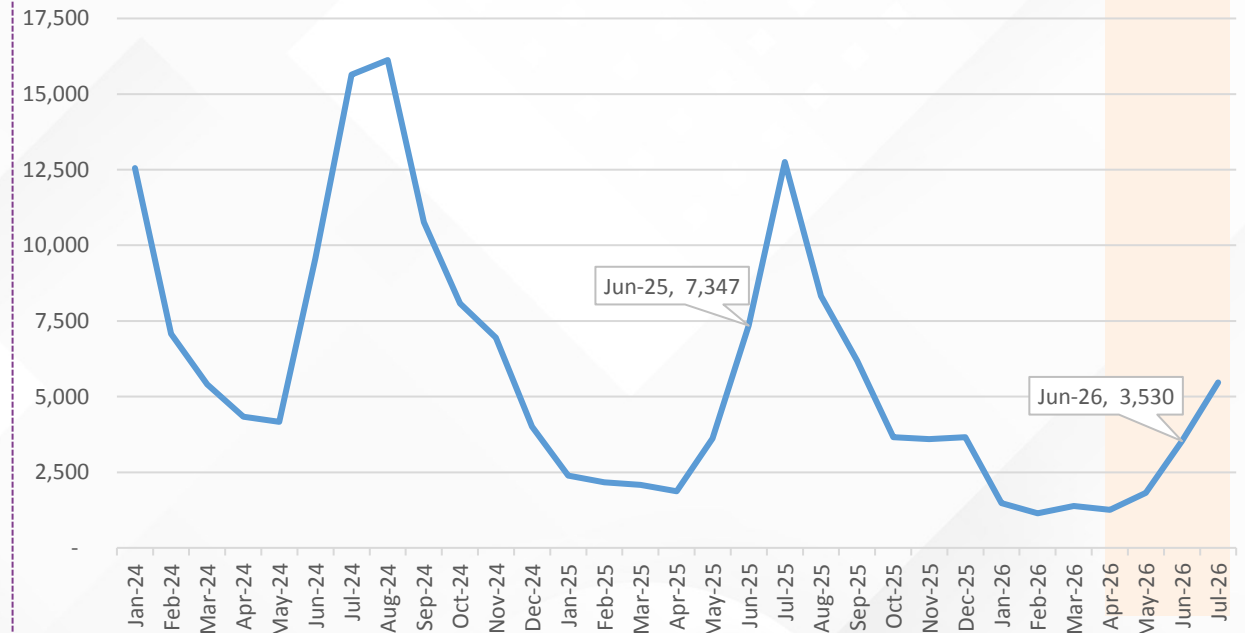

Q2/26

Unit: cases

Dengue Fever cases per month

Q2/26

- For Jun 2026, Ministry of Public Health reported 38,661 influenza cases, a 15.0% decrease compared to the same period in Jun 2025 due to changes in weather conditions.
- The Office of Public Health Communicable Health reported 3,530 dengue fever cases, Dengue cases remained significantly below the prior-year level, despite a month-on-month increase in June.
- BCH has prepared capacity and medical personnel to promptly provide vaccination services for dengue fever and influenza and health care treatment for patients in accordance with their symptoms.
