

Management Discussion and Analysis

For the operation results of six-month and the second quarter of 2025

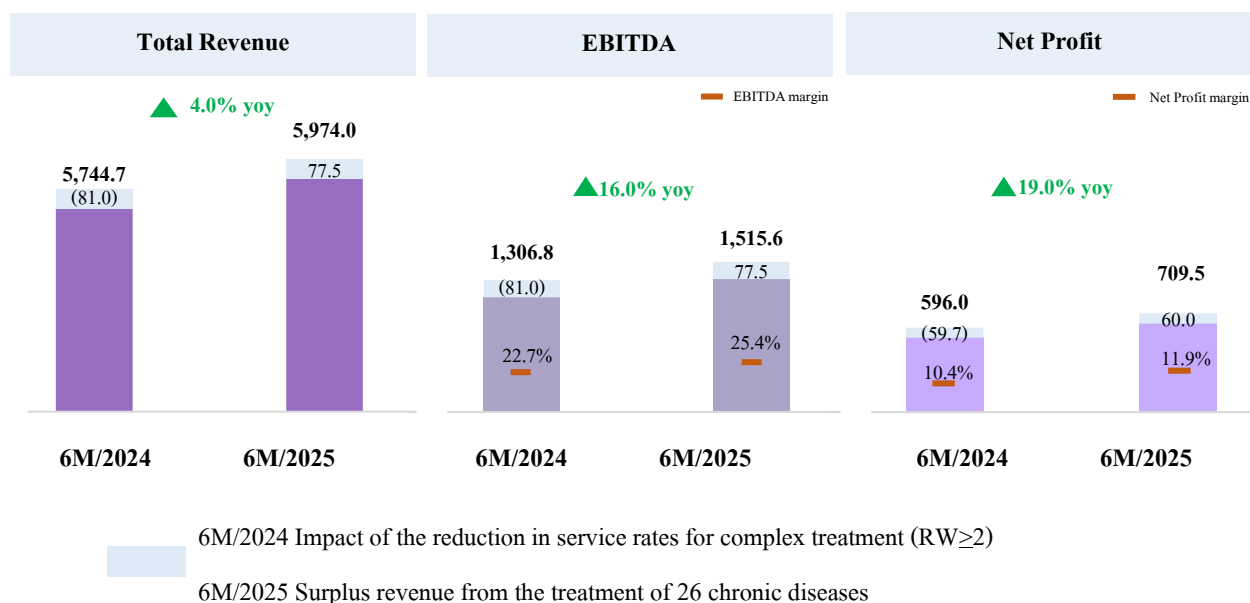

ended 30 June 2025

Overall results and activities for the Six-Month period and the second quarter of 2025

Business Operations in six-month period of 2025

Unit: Million Baht

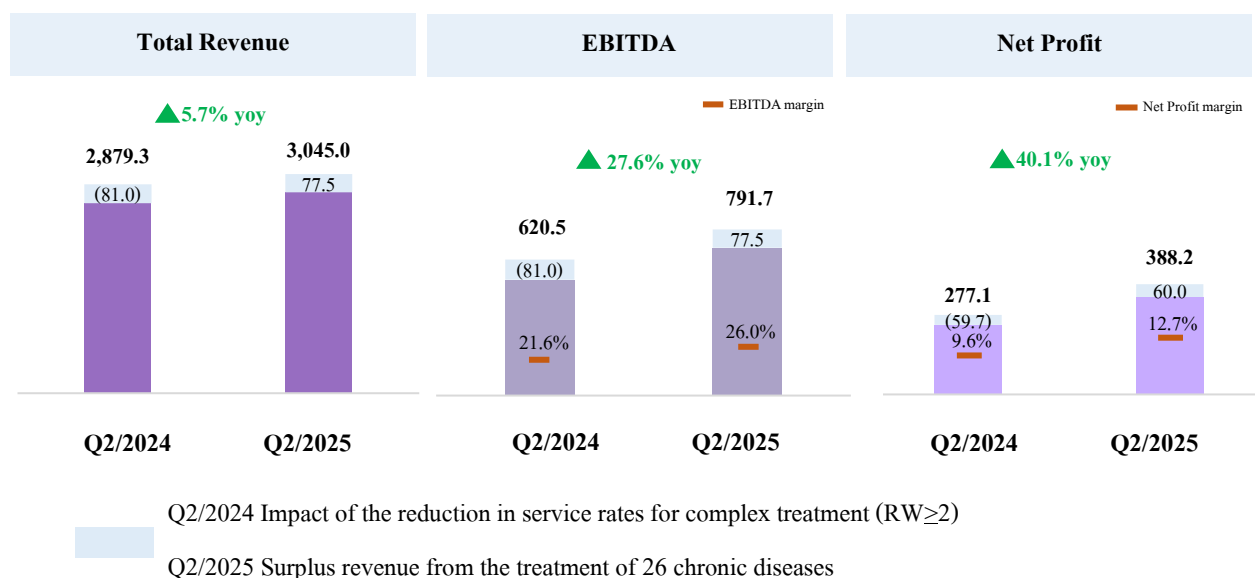

- For the overall performance of the Company and its affiliated hospitals for the six-month period of 2025, total revenue amounted to 5,974.0 million baht, representing an increase of 4.0 percent yoy. This growth was primarily driven by a 10.2 percent increase in revenue from Social Security revenue compared to the same period previous year, including a surplus revenue amounting to 77.5 million baht from the treatment of 26 chronic diseases. Revenue from outpatient patients also increased by 2.8 percent yoy from the respiratory disease outbreak in the first quarter of 2025.
- Earnings before interest, tax, depreciation, and amortization (EBITDA) amounted to 1,515.6 million baht, up 16.0 percent yoy, with an EBITDA margin of 25.4 percent due to effective cost management in selling and administrative expenses (SG&A) such as promotional expenses, utility costs, referral costs, and the decrease in exchange losses from the low volatility of the LAK/THB exchange rate.
- Net profit attributable to the Company's shareholders totaled 709.5 million baht, representing an increase of 19.0 percent yoy. The net profit margin attributable to the Company's shareholders was 11.9 percent, representing a slight increase from the same period of previous year.

Overall results and activities for the Six-Month period and the second quarter of 2025

Business Operations in the second quarter of 2025

Unit: Million Baht

- For the second quarter of 2025, the Company recorded total revenue of 3,045.0 million baht, representing an increase of 5.7 percent yoy. This growth was driven by a 16.9 percent increase in revenue from Social Security patients which included a surplus revenue amounting to 77.5 million baht from the treatment of 26 chronic diseases as well as an increase of 1.7 percent yoy in revenue from outpatient services in specialized centers for both Thai and international patients.
- Earnings before interest, tax, depreciation, and amortization (EBITDA) amounted to 791.7 million baht, rise 27.6 percent from the same period of the previous year, with an EBITDA margin of 26.0 percent. This improvement was attributed to better cost management in selling and administrative expenses, such as service costs, utility expenses and a reduction in foreign exchange losses due to lower volatility in the LAK/THB exchange rate.
- Net profit attributable to the Company's shareholders was 388.2 million baht, representing a 40.1 percent yoy. The net profit margin attributable to the Company's shareholders was 12.7 percent, supported by surplus revenue of 60.0 million baht from the treatment of 26 chronic diseases.
- The Company's Board of Directors has approved the resolution for the interim dividend payment for the six-month period ended 30 June 2025 at the rate of 0.15 baht per share, totaling 374.1 million baht. The name of shareholders who are entitled to receive cash dividend (XD) shall be specified on 28 August 2025. The dividend shall be paid within 12 September 2025.

Overall results and activities for the Six-Month period and the second quarter of 2025

Company Activities in the Second Quarter of 2025

- Kasemrad Ari Radiation Oncology Clinic, in collaboration with World Medical Hospital, enhanced the quality of cancer care by supporting eligible Civil Servants patients, as well as their parents, children, and spouses, to access treatment promptly without the need for advance payment.
- World Medical Hospital signed a MOU with Modern Cancer Hospital Guangzhou with the aim of expanding the treatment capabilities and patient referral network of the WMC New Frontier Cancer Center. This center focuses on integrating modern medicine with advanced medical technologies for cancer treatment. The agreement represents a significant step for the hospital in expanding from the national to the international stage.
- Kasemrad Hospital Prachachuen, in collaboration with La Ferly Clinic, launched the KLS Kasemrad Liposuction and Slimming Center by La Ferly, providing comprehensive body contouring services. Core procedures include liposuction targeted fat grafting, and abdominoplasty. The center is designed to meet aesthetic demands while elevating the hospital's image from being primarily a treatment facility to becoming a Wellness & Aesthetic Destination, reflecting modernity and higher service standards.
- Kasemrad Hospital Bangkoe opened newly renovated areas, including the Pediatrics center, Internal Medicine center, Obstetrics and Gynecology center, service area for outpatient and upgraded waiting areas, offering a more modern and comfortable environment to enhance patient experience.
- Kasemrad Hospital Mae Sai commenced foundation construction for a new building to accommodate the needs of both Thai and international patients. The new facility will feature general patient service areas, an emergency department, pediatric center, dental center and inpatient rooms. Construction began in April 2025 and is expected to be completed and operational in the second quarter of 2026.
- Kasemrad Hospital Prachachuen signed a MOU with the Faculty of Nursing, Kasem Bundit University, to promote academic development and serve as a clinical training site for nursing students. Executives from both organizations attended the signing ceremony, reflecting the commitment to sustainable development of human resources in the healthcare sector.

Analysis of the Consolidated Financial Performance

For the overall performance of the Company and its affiliated hospitals for the six-month period of 2025, total revenue from hospital operations of 5,923.2 million baht, representing an increase of 3.9 percent yoy. Revenue from general patients totaled 3,807.8 million baht, which was comparable to the previous year. The details are as follows:

The revenue from general OPD patients amounted to 2,162.2 million baht, an increase of 2.8 percent yoy, primarily due to:

- The rise of outpatient revenue from both Thai and international patients at the hospitals' specialized centers such as the Specialized Internal Medicine Center, Hemodialysis Center, Preventive and Rehabilitative Medicine Center, and Health Check-up Center, particularly at three newly hospitals including Kasemrad International Hospital Vientiane, Kasemrad International Hospital Aranyaprathet and Kasemrad Hospital Prachinburi.
- Service upgrading and enhancing capacity at Kasemrad Hospital Pathumthani, resulting in revenue of 37.0 million baht in the first half of 2025, an increase of 14.0 percent yoy.
- The increase of revenue from newly specialty centers such as Kasemrad Plastic Surgery (KPS), Kasemrad Ari Radiation Oncology Clinic and mobile dental services, totaling 195.1 million baht, an increase of 120.1 percent compared to the same period of the previous year.

The revenue from general IPD patients amounted to 1,645.6 million baht, a decrease of (2.8) percent yoy:

- This mainly due to changes in the Kuwaiti government's policy on sending patients abroad for treatment as well as the Ramadan period for Middle East patients during the first quarter of 2025. However, inpatient revenue from Kuwaiti patients shifted towards to outpatient treatment which increased compared to the previous quarter.

The revenue from social security patient amounted to 2,115.4 million baht, an increase of 10.2 percent yoy:

- Recognition of a surplus revenue amounting to 77.5 million baht from the treatment of 26 chronic diseases, as well as no impact of the reduction in service rates for complex treatment ($RW \geq 2$)
- Rising of the number of Social Security registered persons with the Company's affiliated hospitals as of 30 June 2025 was 1,026,326, an increase of 0.5 percent yoy.

Analysis of the Consolidated Financial Performance

For the six-month period the cost and operating expenses amounted to 4,976.7 million baht, representing an increase of 1.2 percent yoy, mainly due to depreciation and amortization from the opening of Kasemrad Ari Radiation Oncology Clinic. However, the Company controlled costs related to staff cost, doctor fees and inventory costs to maintain at an appropriate level. Selling, general and administrative expenses (SG&A) increased by 1.8 percent yoy due to cost of parking lots at Kasemrad Hospital Bangkai and Kasemrad Hospital Prachachuen, as well as rise of repair and maintenance expenses for medical equipment. For the six-month period of 2025, the Company recorded a foreign exchange loss from operations of (3.2) million baht.

The Company reported an operating profit of 997.2 million baht for the six-month period, representing an increase of 20.9 percent yoy. Earnings before interest, tax, depreciation, and amortization (EBITDA) amounted to 1,515.6 million baht, rise 16.0 percent yoy, with an EBITDA margin of 25.4 percent. Net profit attributable to the Company was 709.5 million baht, representing an increase of 19.0 percent, with a net profit margin attributable to the Company's shareholders of 11.9 percent, slightly higher than the previous year.

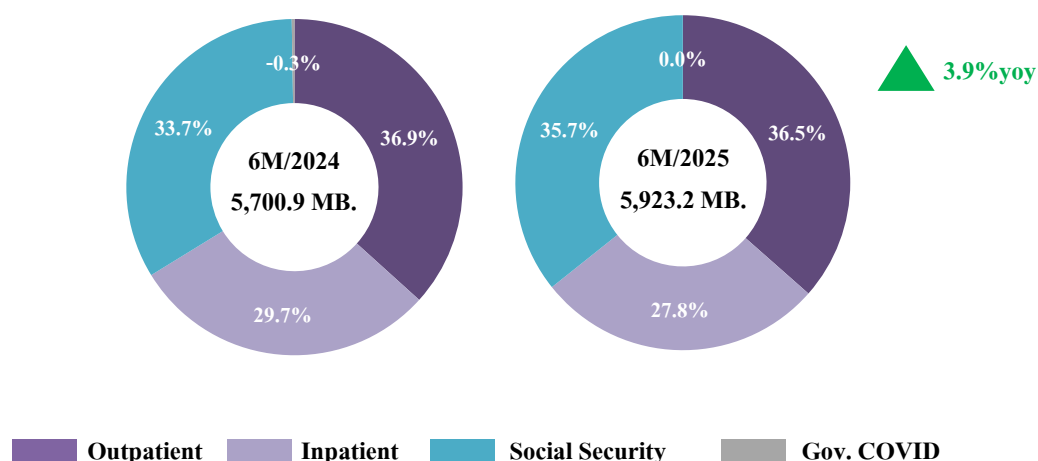

Analysis of the Consolidated Financial Performance

Revenue breakdown by patient type of the six-month period of 2025

Analysis of the Consolidated Financial Performance

For the overall performance of the Company and its affiliated hospitals for the second quarter of 2025, total revenue from hospital operations of 3,020.2 million baht, representing an increase of 5.7 percent yoy. Revenue from general patients totaled 1,911.9 million baht, which was comparable to the previous year. The details are as follows:

The revenue from general OPD patients amounted to 1,101.8 million baht, an increase of 1.7 percent yoy:

- The rise of revenue from the three newly hospitals namely; Kasemrad International Hospital Vientiane, Kasemrad International Hospital Aranyaprathet, and Kasemrad Hospital Prachinburi.
- Outpatient revenue of Kasemrad Hospital Pathumthani was 19.1 million baht, an increase of 20.0 percent yoy, following the enhancement of services in terms of personnel, medical equipment, and patient service systems.
- Revenue from newly specialized centers, such as Kasemrad Plastic Surgery (KPS), Kasemrad Ari Radiation Oncology Clinic and the mobile dental service, totaling 95.9 million baht, an increase of 44.7 percent compared to the same period of the previous year.

The revenue from general IPD patients amounted to 810.1 million baht, a decrease of (2.9) percent yoy due to the renovation of service areas in the existing hospital and the decline in seasonal diseases compared to the same period last year.

The revenue from social security patient amounted to 1,105.0 million baht, representing an increase of 16.9 percent yoy due to:

- A surplus revenue of 77.5 million baht from the treatment of 26 chronic diseases, as well as no impact of the reduction in service rates for complex treatment ($RW \geq 2$)
- The revenue from high-cost treatments, influenza vaccination services, health check-up services, sleep apnea diagnostic services and providing service under the complex disease treatment program for two specific conditions which was extended until December 2025.
- The average number of registered persons under the Social Security Scheme with the affiliated hospitals in the second quarter was 1,025,583, an increase of 0.8 percent yoy.

The revenue related to the treatment of COVID-19 from government projects amounted to 3.4 million baht, an increase of 158.6 percent yoy. This was due to the revision of items that are not reimbursable under the reimbursement conditions set by the National Health Security Office (NHSO) and the Social Security Office (SSO).

Analysis of the Consolidated Financial Performance

The cost and operating expenses for Q2/2025 amounted to 2,513.3 million baht, representing an increase of 0.5 percent yoy, in line rise of revenue. The increase was primarily driven by staff cost, inventory costs. Selling, general and administrative (SG&A) increased by 3.6 percent yoy, mainly due to parking rental costs at Kasemrad Hospital Bangkai and Kasemrad Hospital Prachachuen as well as higher repair and maintenance expenses for medical equipment. For the second quarter of 2025, the Company recorded a foreign exchange loss from operations of (3.0) million baht.

The Company reported an operating profit of 531.7 million baht, representing an increase of 40.3 percent yoy. Earnings before interest, tax, depreciation, and amortization (EBITDA) amounted to 791.7 million baht, rise 27.6 percent yoy, with an EBITDA margin of 26.0 percent. Net profit attributable to the Company was 388.2 million baht, an increase of 40.1 percent yoy. The net profit margin attributable to the Company's shareholders was 12.7 percent, supported by surplus revenue of 60.0 million baht from the treatment of 26 chronic diseases.

Cash and cash equivalents at 30 June	1,251.9	1,580.9

As of 30 June 2025, there was a net decrease of (93.6) million baht

The net cash at the beginning of the period on 1 January 2025, was 1,345.4 million baht. The operational activities contributed to the net cash at the end of the period on 30 June 2025, amounted to 1,251.9 million baht. For detailed information on the cash flows for each activity are as follows:

Net Cash flow from operating activities amounted to **1,088.1 million baht**, driven by operating profits from the network hospitals and cash collections from the Social Security Office and trade receivables.

Net cash flow used in investment activities amounted to **(532.5) million baht**, primarily due to investments in short-term fixed-income funds, as well as investment in building renovations and medical equipment procurement.

Net cash flow used in financing activities amounted to **(649.2) million baht**, resulting from the repayment of loans to financial institutions, the payment of finance costs, and the distribution of dividends.

Forward Outlook

In the latter of 2025, Kasemrad Ari Radiation Oncology Clinic has been preparing to expand its services and is currently in the process of registration to provide treatment for patients covered under the Universal Coverage Scheme (UC) from the National Health Security Office (NHSO) through the Cancer Anywhere program, as well as the SSO Cancer Care program of the Social Security Office (SSO). Service provision for these patients is expected to commence in the third quarter of 2025. In addition, the clinic is able to serve Social Security patients within the Kasemrad hospital network, as well as the Civil Servant Scheme through the collaboration with World Medical Hospital.

The Social Security Office is also considering expanding dental benefits, including basic dental services (scaling, fillings, extraction), surgical removal of impacted teeth with reimbursable at rates between 1,500 – 2,500 Baht per tooth and dental implants with reimbursement rate at 17,500 Baht per case. These proposed changes are currently under review and will be submitted to the Social Security Committee for consideration (reported by The Coverage: on 15 July 2025).

Meanwhile, affiliated hospitals have been making comprehensive preparations to accommodate a potential increase in patients during the rainy season such as respiratory diseases and seasonal infections. The hospitals have also developed a range of health promotion packages in response to the growing trend of clients seeking both wellness and aesthetic services who undergo annual health check-ups in the second half of the year. These packages include annual health check-up programs, bone and joint check-ups using MRI, lung cancer screening via CT scan and liposuction programs, all designed to comprehensively address the individual health needs of patients.

The Company remains committed to delivering high-quality, standardized medical services. Kasemrad International Hospital Vientiane is in the process of obtaining Joint Commission International (JCI) accreditation which will make it the first hospital in the Lao PDR to achieve this global standard. The Company is also continuing to expand the Kasemrad Plastic Surgery (KPS) and specialized aesthetic medical centers at World Medical Hospital, Kasemrad Hospital Prachachuen and Kasemrad Hospital Bangkai to enhance the capacity for serving both Thai and international patients. These initiatives aim to elevate the quality of service in all dimensions while establishing for the Company's sustainable growth. The Company has been executing its strategic plan and has achieved the following operational outcomes:

1. Continuous improvement in the overall operation of all three new hospitals

1) Kasemrad International Hospital Aranyaprathet, with a capacity of 110 beds, is located near Rong Kluea Market in Aranyaprathet District, Sa Kaeo Province. For the Q2/2025, the hospital reported revenue of 56.4 million Baht reflecting a 5.3 percent increase yoy. EBITDA was 5.5 million Baht. For 2025, the Company anticipates a positive operating profit. The hospital has outlined the following operational strategies:

Forward Outlook

- Continuously build and strengthen collaborations with insurance companies, insurance agents, and both public and private sector organizations in Thailand. The objective aims to fostering trust and increasing channels for promoting the hospital's services, including treatment packages, room rates, and special services.

- Promotional healthcare product packages were introduced to meet diverse customer needs. These included Electrocardiogram (EKG) programs, body contouring and liposuction programs, comprehensive health check-up programs and "Back to School" health packages all designed to support both preventive healthcare and wellness enhancement.

- Expanding the patient base by strengthening referral channels from nearby clinics and hospitals. This strategic approach positions the hospital as a central referral hub, capable of serving both domestic and international patients, thereby enhancing its role as a regional center for quality medical care.

- Organizing health education seminars in both offline and online channels to disseminate medical knowledge to the general public as well as to public and private sector agencies in the area. These initiatives aim to promote greater understanding of preventive healthcare and to raise awareness of the hospital's services on a broader scale.

2) Kasemrad Hospital Prachinburi, with a capacity of 115 beds, is located nearby the 304 Industrial Estate, Si Maha Phot District, Prachinburi Province. The hospital targets general and social security patients. For the Q2/2025, the hospital reported revenue of 49.4 million Baht, an 8.1 percent increase yoy. EBITDA was (9.5) million Baht. For 2025, the Company forecasts an overall positive EBITDA. The hospital has outlined the following strategic operational plans:

- Expanding its Social Security Clinic network into six clinics in five districts across two provinces under the campaign "Switch Now, Get Benefits Immediately" offering exclusive privileges for registered persons and their families. This initiative aims to position the hospital as a central referral hub for patients in Prachinburi Province.

- Promoting health promotion and risk-screening activities for Social Security beneficiaries, including various programs such as sleep testing, annual health check-ups and dental services. These initiatives are intended to support early detection, preventive care, and improved access to essential health services.

- Continuous follow-up all patients after receiving services in order to increase the rate of repeat visits among existing patient groups. In addition, promotional activities were implemented through both online and offline channels to expand the customer base, attracting new clients from both the general public and those covered under the Social Security Scheme.

- Strengthening its partnerships with insurance companies, offering special privileges for insured clients and insurance agents. Furthermore, systems were established for reporting, patient visits and follow-up to ensure a seamless experience for patients accessing hospital services.

Forward Outlook

3) Kasemrad International Hospital Vientiane, with a capacity of 110 beds, Located in Vientiane Capital, Lao PDR. This hospital targets general patients and international patients. For the Q2/2025, the hospital reported revenue of 91.9 million Baht, an increase of 2.6 percent yoy. EBITDA was 14.8 million Baht. For 2025, the Company anticipates a positive operating profit. The hospital has the following strategic operational plans:

- Continuously enhance the delivery of high-quality, standardized medical services, with the hospital currently in the process of obtaining Joint Commission International (JCI) accreditation. This will make it the first hospital in the Lao PDR to achieve this globally recognized standard.

- Improving strong and sustainable relationships with local hospitals, government agencies, private sector organizations, agencies, and insurance companies to facilitate continuous patient referrals, both domestically and internationally patients. These partnerships aim to strengthen the hospital's position as a trusted healthcare provider in the region.

- Organizing hospital's fourth anniversary event, which promotional packages were promoted covering a range of healthcare programs, including children's health check-ups, pre-pregnancy health screening, hydrotherapy programs for both children and adults, oral health examinations, and vaccination services. These initiatives were designed to stimulate service accessibility and expand the hospital's customer base.

2. Enhancement of Medical Services for both general and Social Security patients

The Company has enhanced its healthcare services for both general patients and those under the Social Security Scheme, while also working to expand its base of insured members. The key implementation approaches are as follows:

- **Raising awareness and expanding the social security registered persons.** In 2025, the Company was allocated a quota of 1,878,500 members by the Social Security Office, based on the capacity and service standards of hospitals within the network. In the second quarter, the Company recorded an average of 1,025,583 registered persons with network, representing an increase of 0.8 percent yoy. For 2025, the Company anticipates further expansion of its registered persons following the commencement of services at Kasemrad Hospital Pathumthani, Kasemrad Hospital Bangkhae and other renovated hospitals within the Kasemrad network. These developments are expected to encourage insured members to register or return to receive services at the network hospitals in greater numbers.

Forward Outlook

- **6 affiliated hospitals participated in providing treatment for high complex treatment** under the SSO 515 project. Beginning in April 2025, the program covers two complex treatment including stroke and cardiovascular diseases and the project will run until 31 December 2025, serving patients eligible under the Social Security Scheme. The Company's participating hospitals include Kasemrad Hospital Bangkai, Kasemrad Hospital Prachachuen, Kasemrad Hospital Ramkhamhaeng, Kasemrad Hospital Sriburi, World Medical Hospital and Kasemrad International Hospital Rattanaibeth.
- **The Company inaugurated Kasemrad Ari Radiation Oncology Clinic** providing services to general patients and serving as a referral clinic for social security patients within the Kasemrad Hospital network. In the second quarter of 2025, the specialty clinic generated revenue of 12.9 million Baht. The clinic provides specialized oncology care through advanced tertiary-level radiation therapy, offering both basic and advanced techniques to minimize potential side effects for patients. For 2025, the Company plans to extend service hours to increase patient capacity to a maximum of 65 cases per day. Preparations are underway to expand service coverage and complete the registration process to provide care for patients under the Universal Coverage Scheme (UC) from the National Health Security Office (NHSO) through the Cancer Anywhere program, as well as the SSO Cancer Care program of the Social Security Office. Service provision under these schemes is expected to begin in the third quarter of 2025. Additionally, the clinic can accommodate Social Security patients within the Kasemrad Hospital network and Civil Servant Scheme through the collaboration with World Medical Hospital.
- **The Company operates Kasemrad Plastic Surgery (KPS)**, aesthetic center, equipped with medical instruments and equipment of the same standard as those used in large hospitals, and staffed by highly recognized, experienced cosmetic surgeons. In the second quarter of 2025, the center generated revenue of 81.2 million Baht from its two operating branches namely Kasemrad International Hospital Rattanaibeth and Kasemrad Hospital Ramkhamhaeng. In addition, Kasemrad Hospital Prachachuen officially launched the KLS Kasemrad Liposuction and Slimming Center by La Ferly, in collaboration with La Ferly Clinic, providing body contouring services including liposuction, fat grafting, abdominoplasty, and other hospital-standard treatments. The Company has actively promoted these services to attract new clients through both online and offline marketing campaigns. Expansion plans for two additional branches including Kasemrad Hospital Bangkai and World Medical Hospital are currently in progress.

Forward Outlook

- **The Company provides mobile dental services through Bangkok Chain Dental Co., Ltd.**, a joint venture between Bangkok Chain Hospital Public Company Limited which has a combined general and Social Security patient base of over one million people and the Dental Clinic Group, a network of dentists specializing in dental care. Shareholding proportions are 60 percent and 40 percent respectively. Currently, the Company operates seven mobile dental units with a total of 19 treatment rooms, serving Bangkok, the central region, and the eastern region. These services have been well received in providing on-site care for government agencies and private companies. In addition, the Company offers mobile dental services in conjunction with its mobile health check-up units.

3. The improvement of hospital building areas according to the company's operational plan.

For 2025, the Company remains committed to continuously enhancing the quality of its medical services through the renovation and improvement of both the interior and exterior environments of hospitals within the network. These upgrades have been carried out and gradually opened for service in phases such as the official opening of Kasemrad Hospital Pathumthani in August 2025. These developments are aimed at creating a positive patient experience and elevating satisfaction at all levels. Renovations across the hospital network are continuing in line with the schedule to ensure efficient service delivery and to comprehensively meet patient needs. The details are as follows:

- **Kasemrad Hospital Bangkoe** is currently undergoing renovations in several service areas, including the Physical Therapy Center and the Ear, Nose, and Throat (ENT) Center on the third floor. All renovations are expected to be completed in the third quarter of 2025.

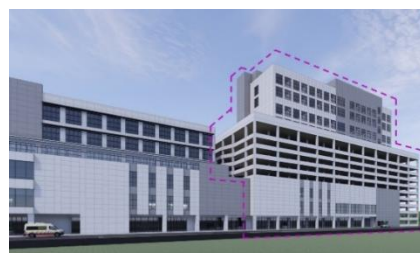

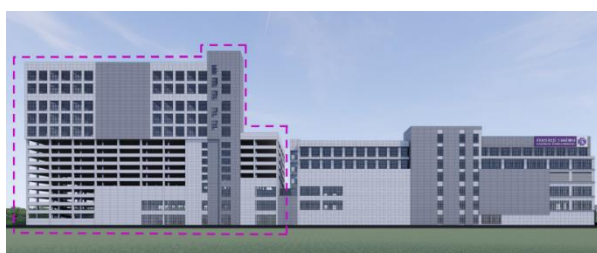

- **Kasemrad Hospital Maesai** has commenced foundation work for a new building to meet the needs of both Thai and international patients. The new facility will include areas for general patient services, an emergency unit, pediatric center, dental center and inpatient rooms. Construction began in April 2025 and is expected to be completed and ready for service in the second quarter of 2026.

Forward Outlook

- **Kasemrad Hospital Ramkhamhaeng** is constructing a new building to accommodate a larger number of general patients and social security patients. The new building will include outpatient services, inpatient services, and a parking structure. Construction is expected to begin in 2025, with services planned to open by 2027.

4. New hospitals currently construction progressing as planned

The expansion projects for two hospitals currently under construction are proceeding in accordance with the Company's plan, as follows:

- **Kasemrad Hospital Suvarnabhumi**, located in Samut Prakan Province, a registered capacity of 268 beds with an investment budget of approximately 1,650 million Baht, including the cost of 25 rai of land. Its target groups are general and Social Security patients, as the hospital is located in Bang Sao Thong District, near the Bang Phli Industrial Estate. The construction will be financed through the Company's internal cash flow and long-term loans. The construction is scheduled to commence in the third quarter of 2025 and operations expected to begin in early 2027.

Forward Outlook

- **Kasemrad Hospital Rayong**, located in Rayong Province, will have a registered capacity of 268 beds with an investment budget of approximately 1,480 million Baht, including the cost of 30 rai of land. The hospital's target groups are general and Social Security patients, as Rayong Province has approximately 517,000 registered persons and hosts several industrial estates, indicating strong competitive potential and opportunities to improve access to medical services in the area. In addition, Rayong is part of the Eastern Economic Corridor (EEC), which enables the Company to receive tax incentives for establishing a hospital in this zone. The construction is scheduled to commence in the third quarter of 2025 and operations expected to begin within 2027.

Sustainability Development

The Company is committed to operating its business sustainably with comprehensive consideration of environmental, social and governance impacts, encompassing all stakeholder groups throughout the value chain. In the second quarter of 2025, the Company was selected as one of the ESG100 listed companies in the service sector recognized for outstanding performance in environmental, social and governance practices for the eighth consecutive year (2018–2025) by the Thaipat Institute in the 2025 annual assessment of listed companies. The Company also received an excellent score of 100 points earning the “Excellent” designation for the seventh consecutive year in the 2025 Annual General Meeting quality assessment program conducted by the Thai Investors Association. In addition, the Company continues to integrate ESG considerations into its operations to mitigate risks and minimize potential impacts on society, communities and the environment while maintaining the satisfaction of all stakeholder groups. The Company remains dedicated to supporting and implementing key activities on an ongoing basis as follows:

Sustainability Development

Environmental Aspect

- The Company and its network hospitals remain committed to developing and maintaining high hygiene standards to ensure the best possible health outcomes and satisfaction for service users. Kasemrad International Hospital Rattanaibeth and Kasemrad Hospital Chachoengsao organized the “Big Cleaning Day 2025” activity to encourage staff participation in maintaining cleanliness and orderliness within the hospital premises. The activity involved cleaning the surrounding areas of hospital buildings to enhance the overall appearance and maintain a clean, safe, and efficient environment for service delivery.

- The Company and its affiliated hospitals also donated old calendars to support the production of Braille learning materials, thereby increasing educational opportunities, promoting learning and enhancing the quality of life for visually impaired individuals. A total of 635 items, weighing 171 kilograms, were contributed for this initiative.

Social Aspect, covers patients, employees, partners, and community.

- The Company in collaboration with the Volunteer Medical Unit Project in Honor of Somdet Phra Ariyavongsagatanana, the Supreme Patriarch of Thailand, organized mobile health check-up services for 300 monks and the general public, as well as providing health education at Wat Prayurawongsawas and Wat Bot in Pathum Thani Province and Chao Phraya Yommarat Hospital in Suphanburi Province

- Kasemrad International Hospital Aranyaprathet received a Cambodian patient in a cross-border emergency case through the permanent Ban Khlong Luek, Poipet border for treatment of a heart condition. The refer was facilitated under humanitarian principles with the cooperation of both Thai and Cambodian authorities.

- Kasemrad Hospital Pathum Thani participated in the 2025 Annual Road Accident Reduction Project organized by Tha Khlong Municipality, Khlong Luang District, Pathum Thani Province, to raise awareness and promote the prevention and reduction of road accidents during the Songkran Festival.

- Kasemrad Hospital Ramkhamhaeng provided influenza vaccines to police officers at Bang Chan Police Station to help prevent outbreaks and reduce the severity of illness during the rainy season. Kasemrad Hospital Rattanaibeth also administered influenza vaccines to nine monks at Wat Maduea as a blessing for the hospital’s executives and staff on the occasion of its 10th anniversary.

- The Company, together with Kasemrad International Hospital Rattanaibeth, Kasemrad Hospital Prachachuen, Kasemrad Hospital Ramkhamhaeng, and Kasemrad Hospital Saraburi, collaborated with the National Blood Center of the Thai Red Cross Society to organize a blood donation campaign, reflecting the

Sustainability Development

Company's social responsibility in supporting the national blood service system. A total of 668 participants donated 300.6 liters of blood.
