

Management Discussion and Analysis

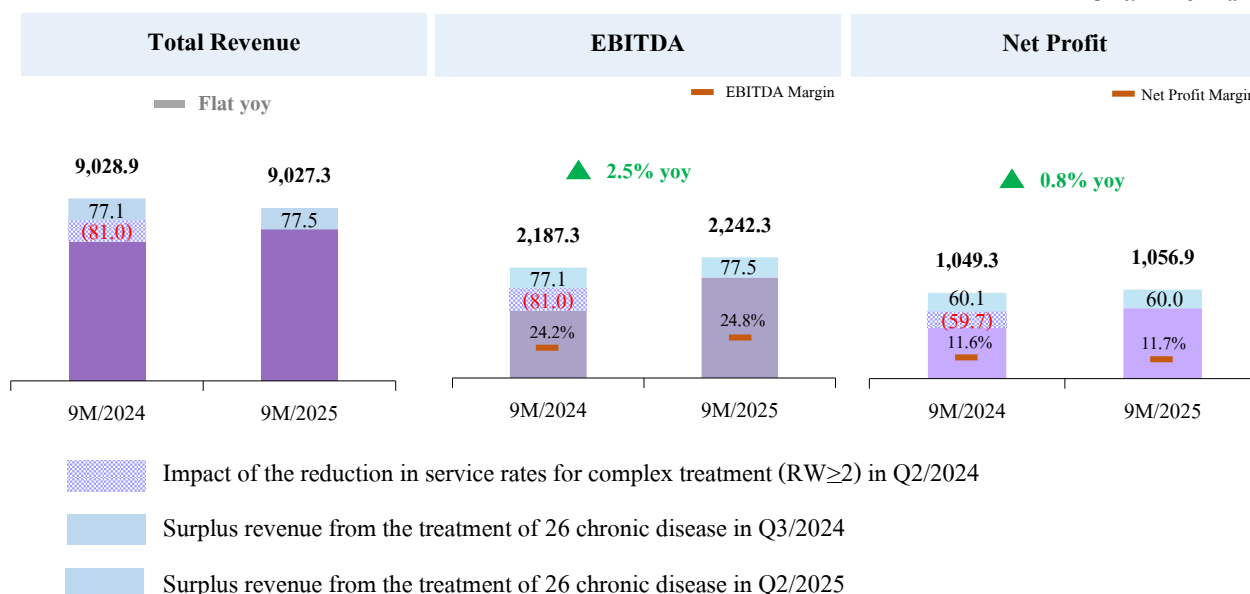

For the operation results of nine-month and the
third quarter of 2025 ended 30 September 2025

Overall results and activities for the Nine-Month period and the third quarter of 2025

Business Operations in nine-month period of 2025

Unit: Million Baht

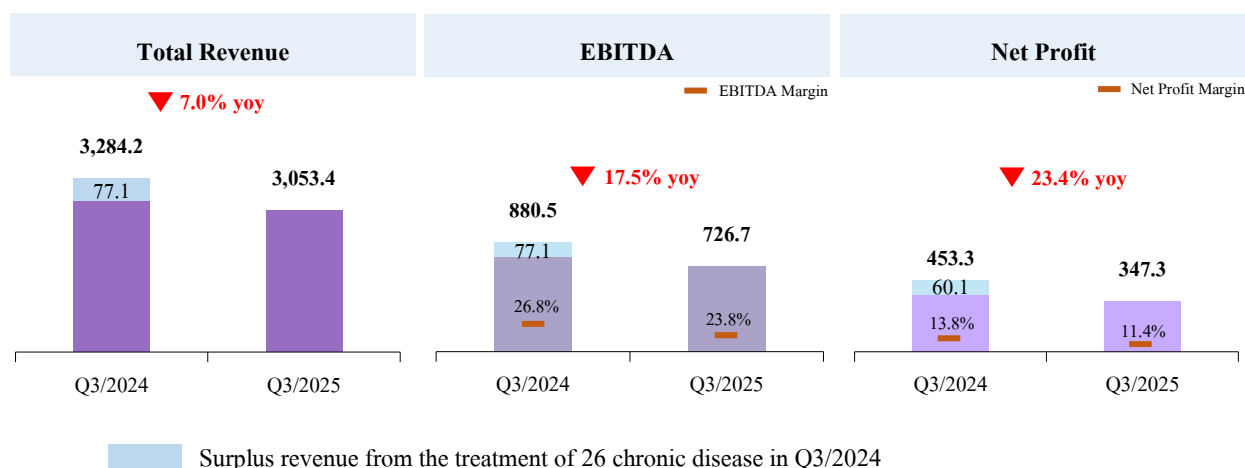

- For the overall performance of the Company and its affiliated hospitals for the nine-month period of 2025, total revenue amounted to 9,027.3 million baht, similar to the same period of the previous year. The growth was driven by revenue from the Social Security patient, which increased by 4.2 percent yoy, partly attributable to a low base effect from the impact of reduction in service rates for complex treatment (RW $\geq$ 2) in Q2/2024, which resulted in a revenue impact of (81.0) million baht. Excluding this effect, the revenue from Social Security patients continued to grow by 1.6 percent yoy, supported by an increase in registered persons as well as expanded service across multiple areas, including treatment for 26 chronic diseases, sleep apnea diagnostic services, vaccination programs, and dental services. Meanwhile, revenue from general patients decreased by (2.7) percent yoy, consisting of a (1.0) percent decline in outpatient revenue and a (4.9) percent decline in inpatient revenue, due to a lower prevalence of seasonal diseases during July and August 2025.
- Earnings before interest, tax, depreciation, and amortization (EBITDA) amounted to 2,242.3 million baht, representing a 2.5 percent increase yoy. The EBITDA margin stood at 24.8 percent, slightly higher than previous year, primarily driven by lower of service costs, referral cost, rental and utility costs, promotional expenses as well as extra gains from foreign exchange, following to Thailand Accounting Standard (TAS) No.29 related to hospital operations in the Lao PDR.
- Net profit attributable to the Company's shareholders totaled 1,056.9 million baht, representing an increase of 0.8 percent yoy. The net profit margin attributable to the Company's shareholders was 11.7 percent, similar to the same period of the previous year.

Overall results and activities for the Nine-Month period and the third quarter of 2025

Business Operations in the third quarter of 2025

Unit: Million Baht

- For the third quarter of 2025, the Company recorded total revenue of 3,053.4 million baht, representing an increase of (7.0) percent yoy. The revenue from the Social Security patient declined by (6.0) percent yoy, mainly due to a high base effect from the Surplus revenue from the treatment of 26 chronic disease in Q3/2024 amounting to 77.1 million baht. Excluding this impact, Social Security revenue rose a 1.0 percent yoy, driven by increased services for 26 chronic disease treatments, sleep apnea diagnostic services, and one day surgery services. The revenue from general patients decreased by (8.1) percent yoy, comprising a (7.6) percent decline in outpatient revenue and a (8.7) percent decline in inpatient revenue. The decrease was primarily due to lower seasonal disease prevalence during July and August, as well as a decline in international patient due to the Thai and Cambodian conflict. However, general patient revenue began to recover in September, and the positive growth trend is expected to continue into the Q4/2025.
- Earnings before interest, tax, depreciation, and amortization (EBITDA) amounted to 726.7 million baht, representing a decrease of (17.5) percent compared to the same period of the previous year. The EBITDA margin stood at 23.8 percent.
- Net profit attributable to the Company's shareholders was 347.3 million baht, representing a (23.4) decrease yoy. The net profit margin attributable to the Company's shareholders was 11.4 percent.

Overall results and activities for the Nine-Month period and the third quarter of 2025

Company Activities in the third quarter of 2025

- **Kasemrad Hospital Pathumthani officially held Grand Opening event**, marking the first milestone of the year in advancing healthcare services, while reinforcing its commitment to becoming a leading medical hub in the province. The event reflects the hospital's dedication to enhancing quality of life and building trust among patients, supported by a team of expert doctors and highly skilled healthcare professionals delivering patient-centered care with dedication to the highest medical standards.
- **Kasemrad Ari Radiation Oncology Clinic has been awarded the Overall Audit Program (OAP) Award 2025** in the category of Type 1 Medical Radiation Generators, receiving the distinction of "Excellent" from the Office of Atoms for Peace (OAP). The award presented under the Comprehensive Quality Standard Program, reflects the clinic's strong commitment to maintaining and advancing the highest safety standards in medical radiation practices in full compliance with both national and international regulations. This achievement reinforces public confidence in the clinic's services, assuring patients and surrounding communities that all operations adhere to the most stringent safety protocols, with no adverse impact on community well-being or quality of life.
- **Kasemrad Ari Radiation Oncology Clinic has partnered with the National Health Security Office (NHSO)** to enhance the quality of cancer patient service. Under this collaboration, patients covered by the Universal Coverage Scheme are able to access high-quality medical services conveniently, promptly, and equitably through the Cancer Anywhere initiative. The program aims to reduce waiting times for radiation therapy, ensuring timely access to treatment and advancing equal opportunities for cancer patients to receive essential care.
- **Kasemrad Hospital Prachachuen has partnered with the National Health Security Office (NHSO)** to provide cardiac surgery services for pediatric patients with congenital heart disease. This collaboration aims to reduce surgical waiting times while offering children a renewed opportunity for a healthier and brighter quality of life.
- **Kasemrad International Hospital Vientiane has achieved JCI (Joint Commission International) accreditation**, becoming the first hospital in Lao PDR and the fifth within the Kasemrad Hospital Group to receive this prestigious recognition. The accreditation reflects the hospital's unwavering commitment to continuously improving the quality and standards of patient care, while reinforcing trust among patients, families, and communities—both nationally and internationally. This milestone represents a significant advancement for the healthcare system in Lao PDR, demonstrating the country's capability to deliver medical services that meet globally recognized standards of excellence.

Overall results and activities for the Nine-Month period and the third quarter of 2025

- **Bangkok Chain Hospital PCL has received three prestigious executive awards** in the healthcare sector for the second consecutive year at IAA Awards for Listed Companies 2025, presented by the Investment Analysts Association. The awards include Outstanding CEO, Outstanding CFO, and Outstanding IR, reflecting strong recognition and confidence from analysts, fund managers, institutional investors and retail investors.
- **The Company** has initiated a share tender offer for Navanakorn Medical Co.,Ltd to the shareholders with the offering period scheduled from 1 October 2025 to 15 December 2025.
- **The Company held the groundbreaking ceremony for Kasemrad Hospital Rayong**, marking its strategic expansion into the eastern region in line with BCH's growth strategy. Construction is scheduled to begin in October 2025, with an expected opening in 2027. The hospital will provide comprehensive, nationally accredited medical services and serve as a referral center for Rayong and neighboring provinces, supporting healthcare demand driven by growth in the Eastern Economic Corridor (EEC).
- **The Company held the groundbreaking ceremony for Kasemrad Hospital Suvarnabhumi** The hospital is located in an area of continuous economic and residential growth (Bangna-Suvarnabhumi) and supports healthcare expansion into the Eastern region. Construction will begin in October 2025, with an expected opening in 2027. Kasemrad Hospital Suvarnabhumi will provide comprehensive care across all levels, supported by high-quality specialized centers, accredited standards, advanced medical technology and a team of doctor, ensuring comprehensive healthcare services for patients.
- **Bangkok Chain Hospital PCL has been awarded a 5-star “Excellent” corporate governance rating** for the third consecutive year, reflecting the Company's strong commitment to good governance, transparency, and accountability to all stakeholders.
- **Bangkok Chain Hospital PCL has received a corporate credit rating upgrade from A to A+ with a Stable outlook by TRIS Rating**, reflecting its strong operating cash flow, solid financial position, and sustainable long-term business growth potential.

Imaging Center, Kasemrad International Hospital Vientiane

Analysis of the Consolidated Statement of Financial Position

For the overall performance of the Company and its affiliated hospitals for the nine-month period of 2025, total revenue from hospital operations of 8,956.7 million baht, similar to the same period of the previous year. Revenue from general patients totaled 5,796.9 million baht, which decline by (2.7) percent yoy. The details are as follows:

The revenue from general OPD patients amounted to 3,284.8 million baht, a slightly decrease of (1.0) percent yoy, due to a slowdown in both domestic and international patient volumes during July and August 2025. Despite this, outpatient revenue continued to grow, driven by the expansion of new specialized medical centers, including the growth and branch expansion of Kasemrad Plastic Surgery (KPS), the launch of a comprehensive body contouring center and the Kasemrad Ari Radiation Oncology Clinic. These units generated combined revenue of 268.3 million baht, representing a 94.8 percent yoy growth. Additional growth also came from Kasemrad Hospital Pathumthani, following the renovation and opening of its new building for general patient services.

The revenue from general IPD patients amounted to 2,512.2 million baht, a decrease of (4.9) percent yoy, mainly due to the renovation at existing hospital facilities during the first half of 2025. The decline was also attributed to a reduction in seasonal disease prevalence during July–August 2025 compared to the same period last year, as well as the impact of the Thailand–Cambodia border closure and temporary changes in the Kuwaiti government’s policy on sending patients abroad for treatment.

The revenue from social security patient amounted to 3,159.4 million baht an increase of 4.2 percent yoy, partly due to a low base effect from the Impact of the reduction in service rates for complex treatment (RW>2) in Q2/2024 amounting to (81.0) million baht. Excluding this effect, core service revenue from Social Security patients continued to grow by 1.5 percent, supported by ongoing marketing initiatives to enhance awareness as well as continued provision of proactive dental and health screening services across all Kasemrad hospital branches. As a result, the average number of registered persons during the first nine months of 2025 reached 1,027,185, an increase of 0.9 percent yoy. In addition, revenue growth was driven by increased service utilization in 26 chronic diseases, referral services, vaccination services and sleep apnea diagnostic services. The hospitals also expanded the number of examination rooms for sleep apnea services in high-demand locations and implemented continuous patient follow-up programs to support service access.

Analysis of the Consolidated Statement of Financial Position

The revenue related to the treatment of COVID-19 from government projects amounted to 0.4 million baht, an increase of 101.3 percent yoy. This was due to the revision of items that are not reimbursable under the reimbursement conditions set by the National Health Security Office (NHSO) and the Social Security Office (SSO).

For the nine-month period the cost and operating expenses amounted to 7,568.7 million baht, representing a decrease of (0.1) percent yoy, the cost of hospital operations (COGS) was similar to the same period of previous year including personnel expenses, doctor fees, and inventory costs. However, reductions were seen in service costs, referral costs and utility costs, partly driven by lower electricity expenses following the installation of solar rooftop across 9 affiliated hospitals within the network.

Selling, general and administrative expenses (SG&A) decreased by (0.7) percent yoy, primarily due to lower promotional expenses, rental costs, bad debt and doubtful accounts, supported by the collection of trade receivables and accrued income. For the nine-month period of 2025, the Company recorded an operating foreign exchange loss of (10.0) million baht.

The Company reported an operating profit of 1,458.7 million baht for the nine-month period, representing an increase 0.3 percent yoy. Earnings before interest, tax, depreciation, and amortization (EBITDA) amounted to 2,242.3 million baht, rise 2.5 percent yoy, with an EBITDA margin of 24.8 percent. Net profit attributable to the Company was 1,056.7 million baht, representing an increase of 0.8 percent yoy with a net profit margin attributable to the Company's shareholders of 11.7 percent.

Revenue breakdown by patient type of nine-month period of 2025

Analysis of the Consolidated Statement of Financial Position

For the overall performance of the Company and its affiliated hospitals for the third quarter of 2025, total revenue from hospital operations of 3,033.5 million baht, representing a decrease of (7.0) percent yoy. Revenue from general patients totaled 1,989.1 million baht, a decrease of (8.1) percent yoy. The details are as follows:

The revenue from general OPD patients amounted to 1,122.6 million baht, a decrease of (7.6) percent yoy, primarily due to a reduction in seasonal disease prevalence, which led to lower outpatient revenue during July and August 2025. Despite this, during the third quarter of 2025, the Company continued to record general OPD revenue growth from several areas, including health checkup services in collaboration with external organizations, services provided by Kasemrad Ari Radiation Oncology Clinic, mobile dental clinics, Kasemrad Plastic Surgery (KPS), and the launch of the KLS Kasemrad Liposuction and Slimming Center by La Ferly at Kasemrad Hospital Prachachuen. In addition, ongoing marketing and promotional activities, as well as extended operating hours at high-demand medical centers such as the specialized internal medicine center (OPD nighttime) supported outpatient revenue growth in certain hospitals, including World Medical Hospital, Kasemrad Hospital Pathumthani and Kasemrad Hospital Prachinburi.

The revenue from general IPD patients amounted to 866.5 million baht, a decrease of (8.7) percent yoy due to decline in seasonal diseases compared to the same period pf previous year, as well as the impact of the Thailand–Cambodia border closure which led to lower inpatient revenue during July and August 2025. However, general inpatient revenue rebounded in September 2025 with continued growth expected through the Q4/2025

The revenue from social security patient amounted to 1,044.0 0 million baht, representing a decrease of (6.0) percent yoy.

During Q3/2024, the Company recorded additional revenue of 77.1 million baht from the treatment of 26 chronic diseases. Excluding this revenue, income from patients under the Social Security Scheme still showed a slight growth of 1.0 percent yoy. During Q3/2025, the average number of registered insured persons across the affiliated hospital network reached 1,024,596, an increase of 0.3 percent yoy, driven by higher registrations at hospitals with strong demand, including

Analysis of the Consolidated Statement of Financial Position

Kasemrad Hospital Prachachuen, Kasemrad Hospital Pathumthani and the newly Kasemrad Hospital Prachinburi.

Additionally, the Company reported solid revenue growth from Social Security services related to 26 chronic disease treatments, referral patient care and sleep apnea diagnostic services. In Q3/2025, revenue from sleep apnea services totaled 17.8 million baht, representing an 87.6 percent yoy increase.

The revenue related to the treatment of COVID-19 from government projects amounted to 0.4 million baht, an increase of 102.9 percent yoy.

The cost and operating expenses for Q3/2025 amounted to 2,591.9 million baht, representing a decrease of (2.4) percent yoy.

The cost of hospital operations (COGS) declined by (1.9) percent yoy, driven by lower service costs following the transition from the preventive and rehabilitation center to Kasemrad Plastic Surgery (KPS), as well as reduced patient referral costs resulting from the establishment of Kasemrad Ari Radiation Oncology Clinic and expanded in-house specialist centers across the hospital network which strengthened internal referral efficiency. Additional cost reductions were achieved in inventory and utility expenses.

Selling, General and Administrative expenses (SG&A) also decreased by (5.1) percent yoy, mainly due to lower rental costs and reduced repair and maintenance expenses. In Q3/2025, the Company recorded an operating foreign exchange loss of (6.7) million baht. The Company continues to prioritize disciplined cost management to ensure effective expense control and operational efficiency.

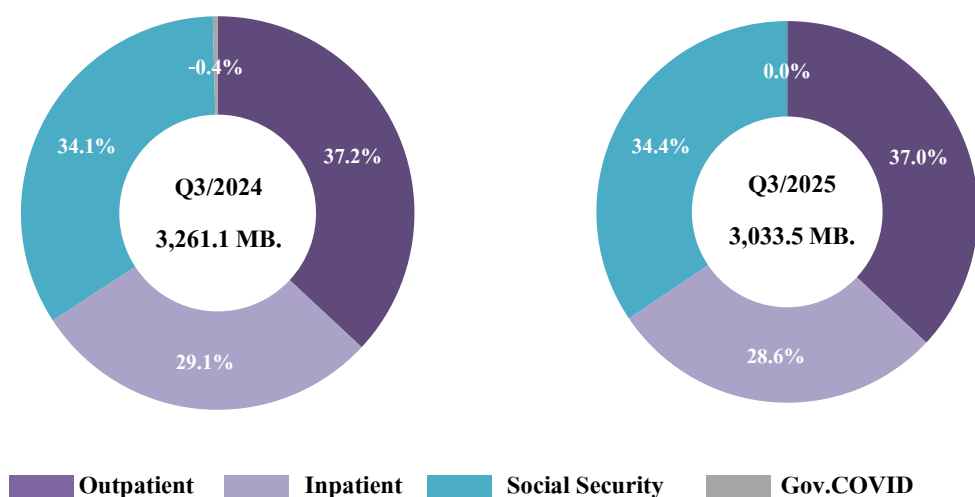

The Company reported an operating profit in Q3/2025 amounting to 461.4 million baht, representing a decrease of (26.7) percent yoy. Earnings before interest, tax, depreciation, and amortization (EBITDA) amounted to 726.7 million baht, drop (17.5) percent yoy, with an EBITDA margin of 23.8 percent. Net profit attributable to the Company was 347.3 million baht, a decrease of (23.4) percent yoy. The net profit margin attributable to the Company's shareholders was 11.4 percent.

Revenue breakdown by patient type of Q3/2025

Analysis of the Consolidated Statement of Financial Position

Consolidated statements of financial position (Unit : Million Baht)	As of		Change (%)
	30 September 2025	31 December 2024	
Total Assets	17,323.5	17,374.8	(0.3%)
Current assets	3,668.1	3,772.6	(2.8%)
Non-current assets	13,655.3	13,602.2	0.4%
Total Liabilities	3,380.8	3,347.9	1.0%
Current liabilities	2,934.7	2,878.1	2.0%
Non-current liabilities	446.1	469.8	(5.0%)
Total Shareholders' Equity	13,942.7	14,027.0	(0.6%)
Equity attributable to the Company	12,931.4	12,955.4	(0.2%)
Non-controlling interests	1,011.3	1,071.5	(5.6%)

As of 30 September 2025, the Company has total Assets totaled of 17,323.5 million baht, a slightly decrease of (0.3) percent comparing to the end of previous year. The reduction was mainly due to lower account receivables, accrued income and inventories.

Total Liabilities totaled of 3,380.8 million baht, an increase 1.0 percent comparing to the end of previous year, primarily due to short-term loans from financial institutions to support working capital.

Total Shareholders' Equity totaled of 13,942.7 million baht, decreased slightly (0.6) compared with the end of the previous year due to the Company's retained earnings from operations and the 2024 dividend payment, the interim dividend payment of 2025.

Analysis of the Cash Flow Statement

Consolidated cash flow statements (Unit : Million Baht)	For the period ended 30 September	
	2025	2024
Cash flow from operating activities	1,973.5	2,078.8
Cash flow used in investing activities	(906.3)	(1,192.7)
Cash flow used in financing activities	(1,022.4)	(1,743.8)
The impact of financial reporting in hyperinflation	(8.9)	N/A
Net increase (decrease) in cash and cash equivalents	36.0	(857.7)
Cash and cash equivalents at 1 January	1,345.4	2,183.1
Cash and cash equivalents at 30 September	1,381.3	1,325.3

As of 30 September 2025, there was a net increase of 36.0 million baht

The net cash at the beginning of the period on 1 January 2025 was 1,345.4 million baht. The operational activities contributed to the net cash at the end of the period on 30 September 2025, amounted to 1,381.3 million baht. For detailed information on the cash flows for each activity are as follows:

(Unit: Million Baht)

Net Cash flow from operating activities amounted to **1,973.5 million baht**, driven by operating profits from the network hospitals and cash collections from the Social Security Office and trade receivables.

Net cash flow used in investment activities amounted to **(906.3) million baht**, primarily due to hospital building renovations, purchases of medical equipment, construction of the two new hospitals namely; Kasemrad Hospital Suvarnabhumi and Kasemrad Hospital Rayong and investments in short-term funds.

Net cash flow used in financing activities amounted to **(1,022.4) million baht**, resulting from the repayment of loans to financial institutions, the payment of finance costs and the dividend payments.

Forward Outlook

In the fourth quarter of 2025, the Company expects continued revenue support from seasonal illnesses carried forward from Q3/2025, as the onset of the rainy season was later than in the prior year, contributing to an anticipated increase in patient volumes across all services. Additional revenue growth is expected from the expansion of Kasemrad Ari Radiation Oncology Clinic to Universal Coverage scheme (UC) beneficiaries through the Cancer Anywhere program with radiation therapy services available from 1 December 2025 onward. The clinic will also continue to serve Social Security and Civil Servant Scheme patients through internal referrals within the Kasemrad hospital network.

At the same time, all affiliated hospitals within the network have continued to implement proactive service strategies alongside ongoing marketing, public relations and promotional campaigns targeting both general patients and Social Security beneficiaries to strengthen awareness and drive sustained patient base growth. Key initiatives include continuous screening and follow-up services for sleep apnea as well as the provision of seven cardiovascular procedures at no cost under the Social Security treatment accessibility enhancement program for insured members. In addition, the expansion of specialized aesthetics medical centers to including Kasemrad Plastic Surgery at World Medical Hospital and Kasemrad Hospital Bangkake Hospital and KLS by La Ferly at Kasemrad Hospital Prachachuen is expected to serve as another supporting factor for revenue growth in the fourth quarter.

The Company remains committed to delivering high-quality medical services in accordance with international standards. Kasemrad International Hospital Vientiane became the first hospital in Lao PDR to achieve Joint Commission International (JCI) accreditation, effective 19 September 2025. The Company has also continued to introduce specialized medical centers following facility upgrades, including the Hydrotherapy Rehabilitation Center at Kasemrad Hospital Bangkake, along with ongoing renovations to enhance service capacity at existing hospitals. In parallel, the construction of new hospitals continues to progress as planned. In line with its strategic roadmap, the Company has delivered operational performance as outlined below.

1. Continuous improvement in the overall operation of all three new hospitals

1) Kasemrad International Hospital Aranyaprathet, with a capacity of 110 beds, is located near Rong Kluea Market in Aranyaprathet District, Sa Kaeo Province. For the Q3/2025, the hospital reported revenue of 30.4 million Baht reflecting a (50.8) percent decrease yoy. EBITDA was (15.6) million baht, primarily due to the impact of the Thailand–Cambodia border closure. Nevertheless, the hospital continues to implement strategic initiatives to support revenue growth, as outlined below.

Forward Outlook

- Establish and strengthen partnerships with insurance companies, insurance agents, communities, private schools and both local public and private sector organizations. The hospital also actively participates in community events such as running events and concerts by setting up promotional booths to enhance public trust and increase awareness of its healthcare services.
- Developing new promotional healthcare packages, including inpatient special room discounts and seasonal vaccination programs. Additionally, organize both onsite and offsite health seminars and preventive care activities to reinforce trust and engagement across all patient segments.
- Expand the patient referral network by collaborating with clinics and nearby hospitals, positioning the hospital as a regional referral center for both Thai and international patients.

2) Kasemrad Hospital Prachinburi, with a capacity of 115 beds, is located nearby the 304 Industrial Estate, Si Maha Phot District, Prachinburi Province. The hospital targets general and social security patients. For the Q3/2025, the hospital reported revenue of 56.3 million Baht, a 3.7 percent increase yoy. EBITDA was (6.4) million Baht. The number of social security registered persons has continued to grow. In Q3/2025, the hospital recorded at 30,123 persons, reflecting a 4.8 percent increase yoy and a 1.7 percent increase qoq. To support continued growth and operational performance, the hospital has implemented the following strategic initiatives.

- Strengthening the social security clinic network to serve as a patient referral hub in Prachinburi province, while collaborating with both Thai and Japanese insurance companies and their agents to expand the patient care network.
- Rising proactive services through mobile health check programs in partnership with schools, private sector and private organizations in surrounding areas.
- Active follow-up of Social Security registered members, with accelerated service delivery across key care department including annual health check-ups, sleep apnea diagnostic services, and dental service.
- Enhancement of service capacity across specialized medical centers, including expansion of dialysis units, extended-hour services for the internal medicine center, obstetrics & gynecology center, pediatrics center, and orthopedic center as well as the provision of health screening services for migrant workers.
- Hospital promotional activities across multiple channels, including health seminars and outreach booths at factories, markets, and community areas, with the objective of strengthening brand awareness and driving growth in registered Social Security members.

3) Kasemrad International Hospital Vientiane, with a capacity of 110 beds, Located in Vientiane Capital, Lao PDR. This hospital targets general patients and international patients. For the Q3/2025, the hospital reported revenue of 102.7 million Baht, an increase 9.4 percent yoy. EBITDA was 19.1 million baht. The hospital has the following strategic operational plans:

Forward Outlook

- Enhancing quality standards of medical services, supported by the hospital's achievement of the Joint Commission International (JCI) accreditation, the first hospital in Lao PDR to receive this certification strengthening confidence among local and international patients in the region.
- Building strong relationships and expanding a solid referral network with local hospitals and clinics, government and private sector organizations, agencies, and insurance partners to facilitate patient referrals for domestic citizens as well as Thai and international tourists.
- Upgrading medical service capabilities and strengthening hospital visibility through multi-channel marketing, highlighting successful outcomes of highly complex procedures such as brain surgery and open-heart surgery. In addition, the hospital is expanding its specialized medical centers to offer more comprehensive and integrated services, including the kidney transplantation, radiation oncology center and aesthetic center in collaboration with Kasemrad Plastic Surgery (KPS).
- Implementing effective financial cost management, including long-term debt refinancing with financial institutions, resulting in reduced financial costs for the hospital.

2. Enhancement of Medical Services for both general and Social Security patients

The Company has enhanced its healthcare services for both general patients and those under the Social Security Scheme, while also working to expand its base of insured members. The key implementation approaches are as follows:

- **Raising awareness and expanding the social security registered persons** through various channel hospital marketing activities, along with proactive outreach services in collaboration with schools and private organizations, including mobile health check-ups and mobile dental services. In Q3/2025, the Company recorded a total of 1,027,131 registered persons, representing a 0.1 percent increase yoy and a 0.1 percent increase qoq. The Company expects continued growth in registered persons driven by the hospitals with high registration demand, supported further by the new hospitals--Kasemrad Hospital Prachinburi.
- **Following up and increasing service utilization among insured members under the Social Security Scheme** by monitoring and implementing both online and offline marketing initiatives to encourage social security members to receive medical services across all hospital networks. Key initiatives include expanding the number of sleep apnea examination rooms in high-demand locations. The Company currently has 34 sleep lab rooms, generating revenue of 43.6 million baht in the nine-month period of 2025, representing a 262.4 percent increase yoy, while demand continues to remain strong with ongoing appointment backlogs expected through Q4/2025. In addition, 6 affiliated hospitals participated in providing treatment for high complex treatment under the SSO 515 project, covering two critical conditions including stroke and cardiovascular diseases — with the program now extended through 31 December 2025.

Forward Outlook

- Revision of wage ceiling and contribution rates under the Social Security Office (SSO). The new contribution framework is expected to take effect in 2026, with the maximum wage ceiling adjusted from 15,000 baht to 17,500 baht, resulting in an increase in the maximum monthly contribution from 750 baht to 875 baht. The Social Security Office has also enhanced benefits for insured members, including higher maternity allowance and pension payments. In addition, the forthcoming expansion of medical benefit coverage is expected to be a key supporting factor for driving revenue growth from social security patients across all hospitals within the Company's network.
- **Expansion of services at Kasemrad Ari Radiation Oncology Clinic**, the clinic provides tertiary and advanced radiotherapy services through an internal referral network within the Kasemrad Hospital network as well as partnerships with external hospitals. Services encompass both conventional and advanced radiation oncology techniques, designed to enhance treatment precision and minimize adverse effects. In Q3/2025, the clinic generated revenue of 11.9 million baht. Effective 1 December 2025 onward, the clinic expanded its patient base to include Universal Coverage scheme (UC) beneficiaries under the National Health Security Office (NHSO), enabling the clinic to provide services across all reimbursement schemes, including self-pay patients, Social Security patients, Civil Servant Scheme and Universal Coverage (UC) patients.
- **Boosting of general patient revenue** through targeted hospital-wide promotional initiatives. The Company continues to drive service utilization across its network by launching marketing campaigns aimed at increasing patient volumes in key medical centers. Key initiatives include inpatient premium room discount packages, promotional packages for the newly launched hydrotherapy rehabilitation center and deployment of new advanced medical equipment to enhance diagnostic capabilities and patient experience. These equipment upgrades such as a CT scan at Kasemrad Hospital Bangkae and a 3-Tesla MRI at Kasemrad International Hospital Rattanaibeth, which offers superior image resolution, greater diagnostic accuracy, and faster examination times.

Forward Outlook

- **Expansion of aesthetic center, In Q3/2025**, Kasemrad Plastic Surgery (KPS) generated revenue of 64.5 million Baht, representing a 35.9 percent yoy increase, driven by service expansion across five locations: Kasemrad International Hospital Rattanaibeth, Kasemrad Hospital Ramkhamhaeng, Kasemrad Hospital Bangkhae and World Medical Hospital. In addition, Kasemrad Hospital Prachachuen officially launched its integrated aesthetic, Kasemrad Liposuction and Slimming Center, in partnership with La Ferly Clinic in June 2025, further enhancing the company's growth strategy.

3. The improvement of hospital building areas according to the company's operational plan.

The company remains committed to continuously enhancing the quality of medical services through the renovation and development of both the internal and external environments across its hospital network. These upgrades have been progressively completed and opened for service as scheduled. Notably, Kasemrad Hospital Pathumthani officially reopened following its renovations in August 2025, aiming to provide an improved patient experience and elevate satisfaction at every level. The hospital renovation program continues to advance in accordance with the planned timeline to ensure efficient service delivery and comprehensive patient care, as detailed below.

- **Kasemrad Hospital Bangkhae** is currently undergoing renovations of Social Security service building. The renovations are focused on the 1st and 2nd floor medical center, including the OPD service area, X-ray room, examination rooms, eye examination room, blood collection room, waiting areas and parking lots, at 3rd to 5th floors. The entire project is expected to be completed by Q2/2026.

- **Kasemrad Hospital Maesai** has commenced construction for a 3-storey new building to meet the demand of both Thai and international patients. The new facility will include areas for general patient services, an emergency unit, pediatric center, dental center and inpatient rooms. Construction began in April 2025 and is expected to be completed and ready for service in the Q2/2026.

- **Kasemrad Hospital Ramkhamhaeng** is constructing a new building to accommodate a demand of general patients and social security patients. The new building will include outpatient services, inpatient services, and a parking lot. Construction is expected to begin in 2026, with services planned to open by 2027.

Forward Outlook

4. New hospitals currently construction progressing as planned

The expansion projects for two hospitals currently under construction are proceeding in accordance with the Company's plan, as follows:

- **Kasemrad Hospital Suvarnabhumi**, located in Samut Prakan Province, a registered capacity of 270 beds with an investment budget of approximately 1,650 million Baht, including the cost of 25 rai of land. Its target groups are general and Social Security patients, as the hospital is located in Bang Sao Thong District, near the Bang Phli Industrial Estate. The construction will be financed through the Company's internal cash flow and long-term loans. The construction is scheduled to commence in Q3/2025 and operations expected to begin in early 2027.

- **Kasemrad Hospital Rayong**, located in Rayong Province, will have a registered capacity of 268 beds with an investment budget of approximately 1,480 million Baht, including the cost of 30 rai of land. The hospital's target groups are general and Social Security patients, as Rayong Province has approximately 517,000 registered persons and hosts several industrial estates, indicating strong competitive potential and opportunities to improve access to medical services in the area. In addition, Rayong is part of the Eastern Economic Corridor (EEC), which enables the Company to receive tax incentives for establishing a hospital in this zone. The construction is scheduled to commence in the Q3/2025 and operations expected to begin within 2027.

Sustainability Development

The Company is committed to conducting business sustainably by taking into account Environmental, Social, and Governance (ESG) impacts in a comprehensive manner, with consideration for all stakeholders throughout the value chain. In Q3/2025, the Company was awarded a **“5-Star (Excellent)” corporate governance rating** under the 2025 Corporate Governance Report of Thai Listed Companies (CGR) which was announced on 28 October 2025 by the Thai Institute of Directors Association (IOD). This recognition reflects the Company’s continuous efforts to uphold strong corporate governance practices and its commitment to sustainable development aligned with good governance principles in environmental, social and governance dimensions. The Company consistently integrates ESG considerations into its business operations to mitigate risks and minimize potential impacts on society, communities, and the environment, while maintaining the satisfaction of all stakeholder groups. The Company also continues to drive and support key initiatives as outlined below:

Environmental Aspect

- The Company and affiliated hospitals continue to advance environmental strategies aimed at enhancing resource and energy management efficiency and reducing greenhouse gas emissions in alignment with global sustainability trends and Thailand’s low-carbon economy direction. The Company has joined the Thailand Carbon Neutral Network (TCNN) under the Thailand Greenhouse Gas Management Organization (Public Organization or TGO), demonstrating its commitment as a GHG Management Pioneer Organization and laying the foundation toward its long-term goal of becoming a Carbon Neutral Organization

- In clean energy initiatives, the Company has continued to advance its solar rooftop initiatives to enhance energy management efficiency and reduce greenhouse gas emissions. In 2025, a new solar rooftop system was commissioned at Kasemrad Hospital Prachachuen, increasing the total number of hospitals with installed systems from 8 to 9 branches. In addition, an expansion is planned at Kasemrad Hospital Maesai, which is expected to be completed in 2026. Once fully operational, the systems will collectively generate approximately 4.66 million kilowatt-hours per year, helping to reduce reliance on external electricity sources and significantly lowering long-term operating costs.

- At the operational level, the hospitals continue to promote a green organizational culture. Kasemrad Hospital Pathumthani organized a Green Area initiative on Thailand Environmental Health Day under the theme “Healthy Environment, Healthy People, Livable Society”, encouraging employee engagement in sustainable environmental and health practices. Additionally, Kasemrad Hospital Prachachuen and Kasemrad Hospital Ramkhamhaeng held their “2025 Big Cleaning Day” to enhance cleanliness, safety, and sanitation

Sustainability Development

standards within hospital facilities reflecting the Company's ongoing commitment to environmental stewardship alongside continuous improvement in healthcare service quality.

Social Aspect including patients, employees, supplier, community and society

The Company and affiliated hospitals remain committed to responsible business practices, guided by the principles of equitable access to healthcare and enhancing community well-being, with the aim of creating shared value for patients, employees and surrounding communities. Key activities include:

- Kasemrad Hospital Sriburin set up medical support booths to assist communities affected by flooding in northern Thailand, providing health check-ups, medical consultations, over 400 sets of drinking water and basic medicine kits, and over 100 influenza vaccinations to help alleviate community hardship.

- Kasemrad Hospital Maesai donated patient mattresses to Siam Ruam Jai Chiang Rai Foundation to support patient care and improve access to essential medical resources in remote areas.

- The Company, along with Kasemrad International Hospital Rattathibeth, Kasemrad Hospital Prachachuen, Kasemrad Hospital Ramkhamhaeng, and Kasemrad Hospital Saraburi, organized blood donation drives in collaboration with the Thai Red Cross Society, to strengthen the national blood supply and promote social responsibility. From the beginning of 2025 through Q3/2025, a total of 668 donors participated, contributing 424 liters of blood.

- The Company and affiliated hospitals continue to promote preventive healthcare education through community outreach programs such as Health Talk and Health Fair, focusing on common disease awareness including heart disease, hypertension, and gynecological cancers while providing free basic health screening and reliable public health information.

Governance Aspect

- Kasemrad Hospital Prachinburi underwent a service quality assessment by the Medical Service office to enhance clinical service standards, minimize operational risks, strengthen stakeholder confidence and support effective organizational development planning.

- Kasemrad Hospital Sriburin received the "Outstanding Workplace in Labor Management and Safe Workplace Award, Chiang Rai Province 2025," presented at the Chiang Rai Provincial Administrative Organization by the Chiang Rai Provincial Labour Protection and Welfare Office, reflecting strong internal labor management practices and a safe working environment for employees.
