Note : ¹ Since KH PT was upgraded from KV PT on 1 Jan 2025, KV brand operates only one hospital; Karunvej Hospital Ayutthaya.

Note : ² Government COVID-19 revenue is the difference between the actual payments received and the recorded revenue in the system.

General patient revenue declined 2.1% yoy, mainly due to lower international patient revenue, while Thai patients continued to support revenue growth.

Revenue mixed by department

Revenue mixed by payer

2026 Strategies

Providing advanced treatment

Expansion of operating hours For high-demand centers

Launch healthcare promotional packages

Growth perspective (FY2025 vs FY2024)

	% Change (yoy)
Self-pay	▼ 4.4%
Corporate Contract	▼ 14.0%
Private Insurance	▲ 3.6%
Others	▼ 2.1%

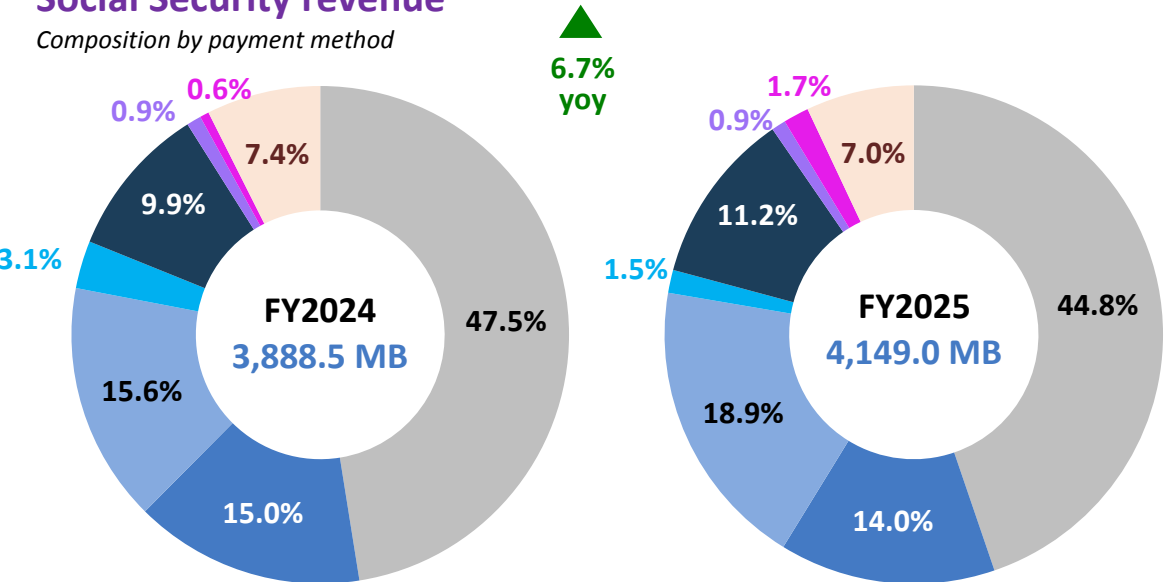

▲ 4.4%

(Excluded revenue from embassy)

SSO revenue grew by 6.7% yoy, driven by an increase in SS members and growth of service treatment.

Social Security revenue

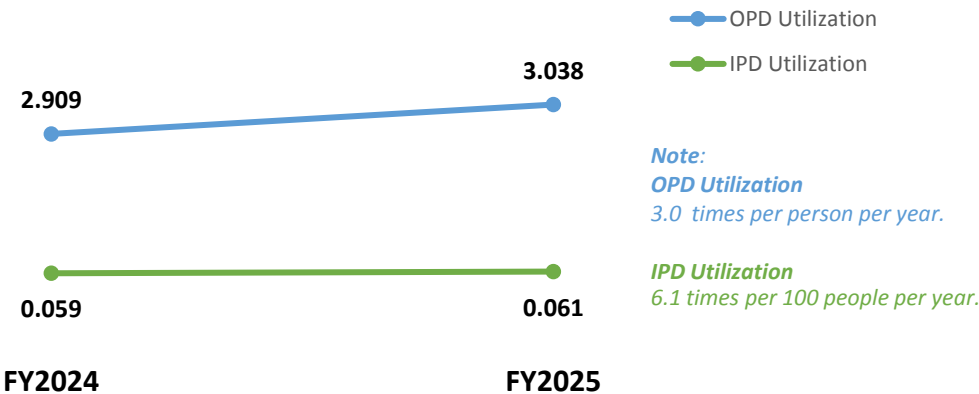

Composition by payment method

Social Security revenue by service category		%Chg yoy
Basic capitation		0.6%
26 Chronic diseases		0.0%
High Cost Care (RW ≥ 2)		29.6%
MOU for 2 complex diseases		(48.7%)
Radiation services, other OPD treatments		20.7%
Dental services		4.0%
Sleep apnea diagnostic services		198.6%
Others e.g. one day surgery, health check up, vaccination		0.8%

Annual utilization rate

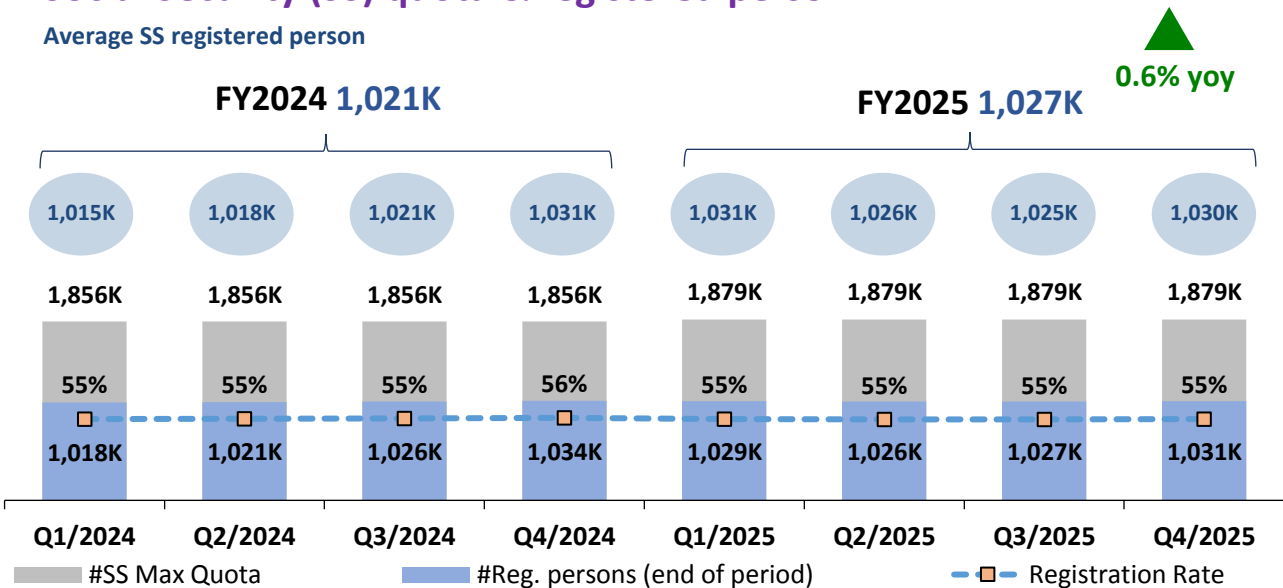

Unit: Times per registered person per year

*OPD utilization rate is significantly high from health check ups and vaccination of SSO.

Social Security (SS) quota & registered person

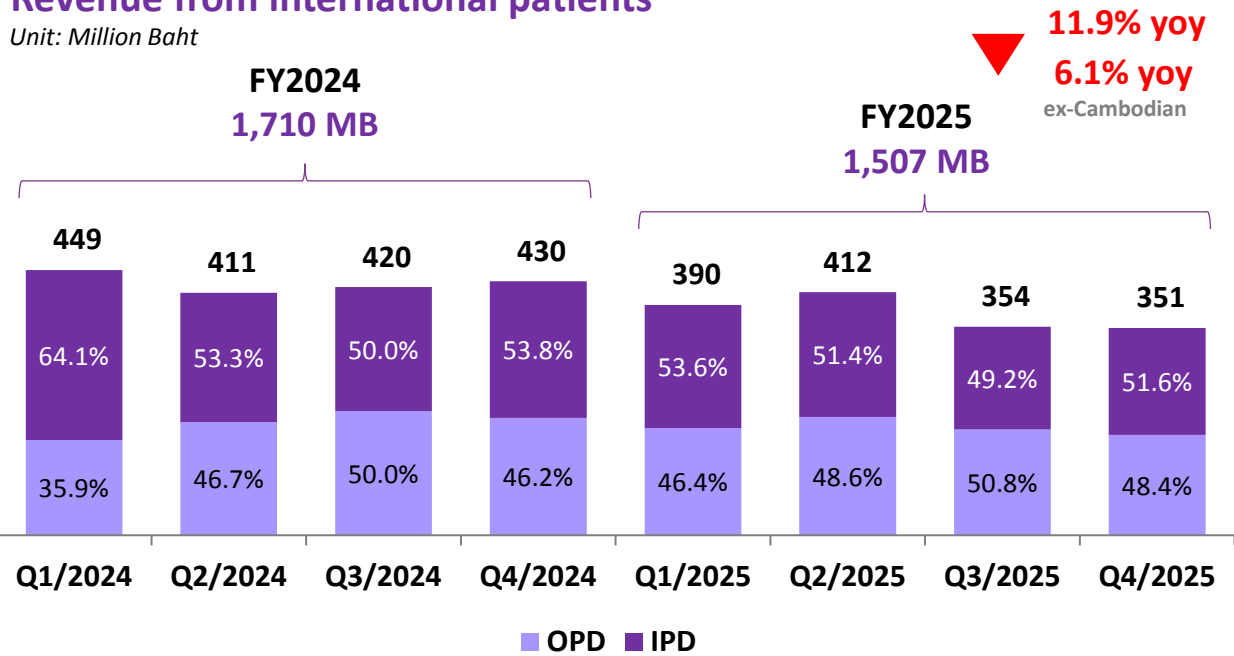

Average SS registered person

In FY2025, revenue from international patients accounted for 1,507 MB, 12.7% of operating revenue

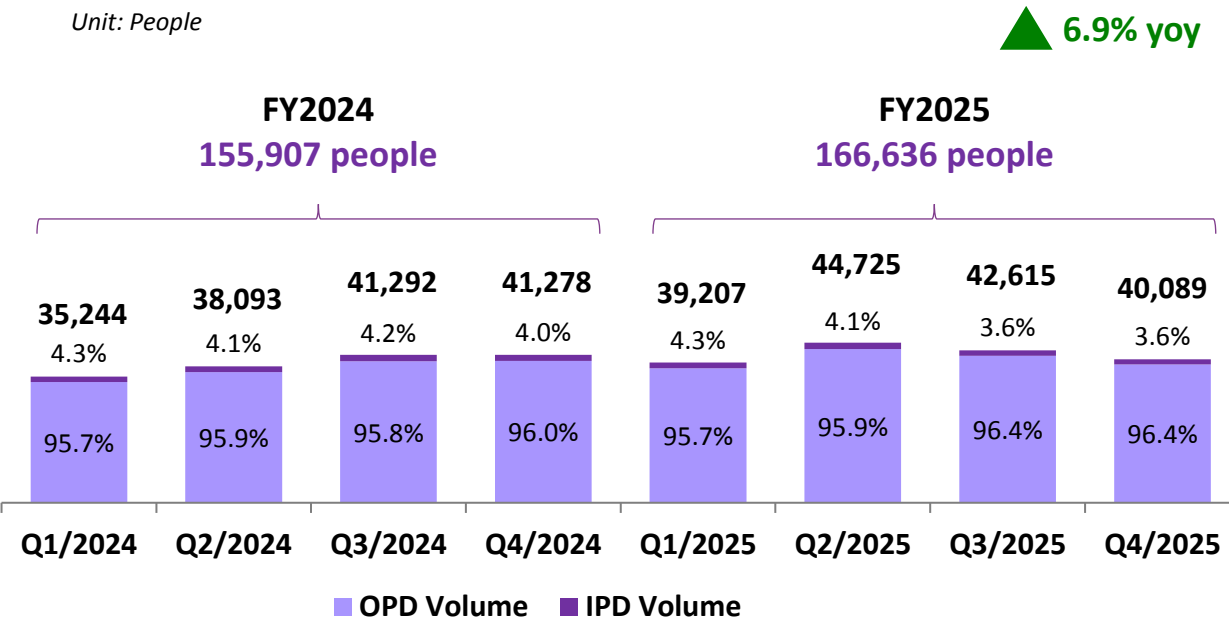

Revenue from international patients

Unit: Million Baht

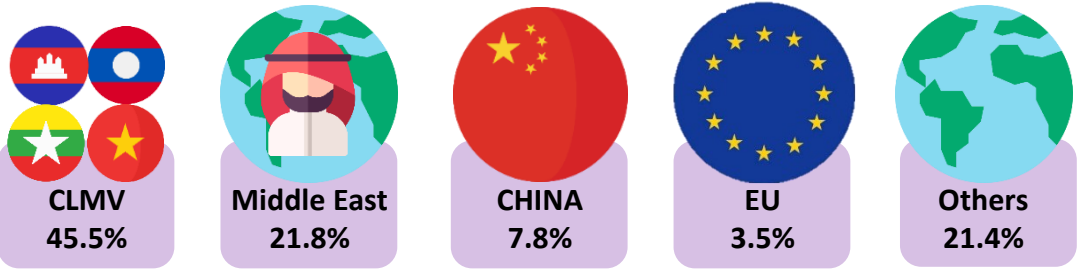

International patients volume

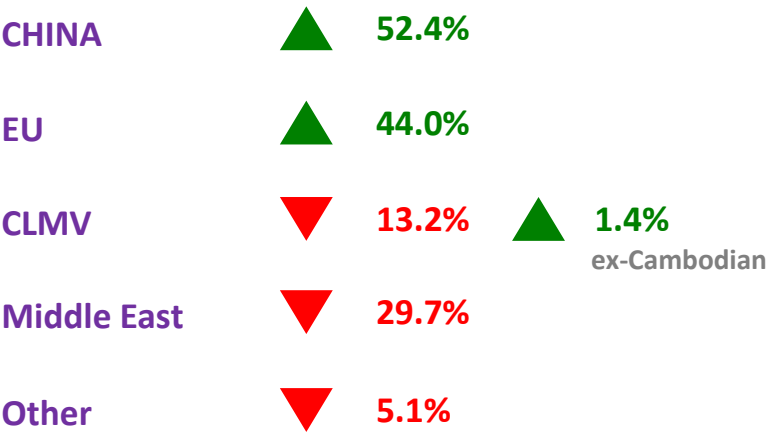

Unit: People

Revenue proportion by nationality (FY2025)

Revenue growth perspective (FY2025 vs FY2024)

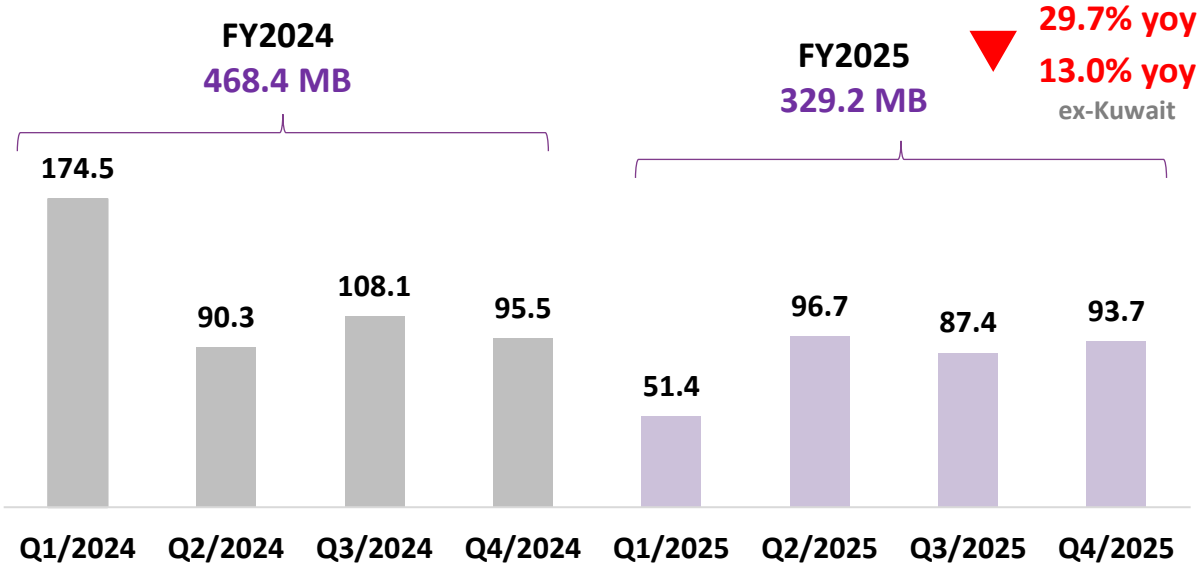

Remark: 1. Revenue from international patients are the revenue before elimination basis.
2. In this report, international patients are included hospital number of Lao nationality at KIH Vientiane.

In FY2025 revenue from middle east patients declined by (29.7%) yoy, as Kuwait GOP patients were still served during early 2024.

The revenue from Middle East patients

Unit: Million baht

2026 Strategies

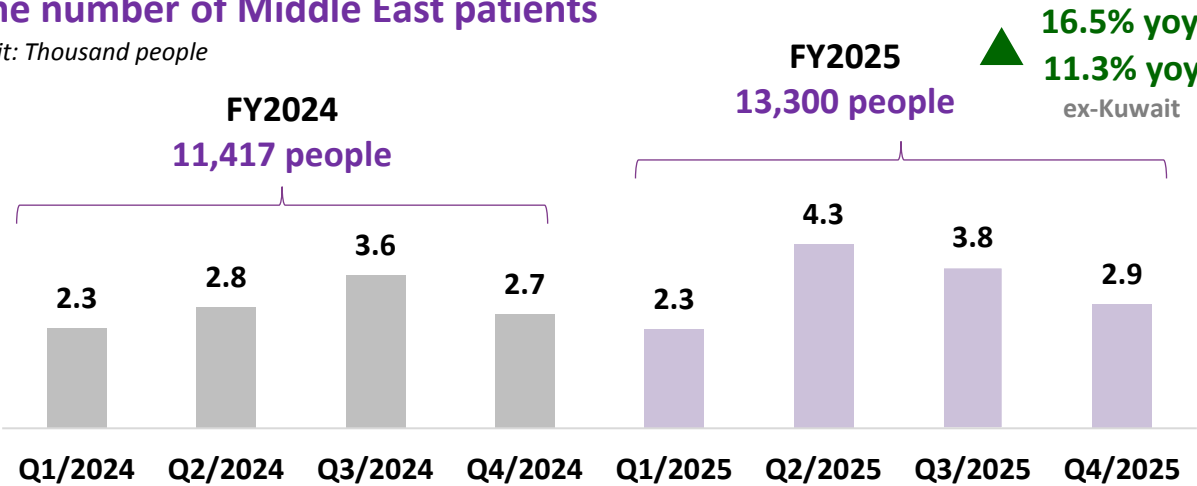

New incoming Qatar patients referred through the embassy and subsidized by the government.

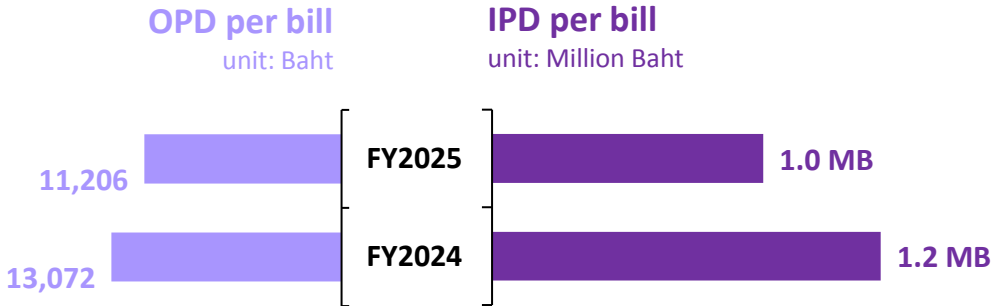

Expanding the Men's Health Center i.e. Shockwave Therapy , Advanced Therapy Medicinal Products for cancer patients.

The number of Middle East patients

Unit: Thousand people

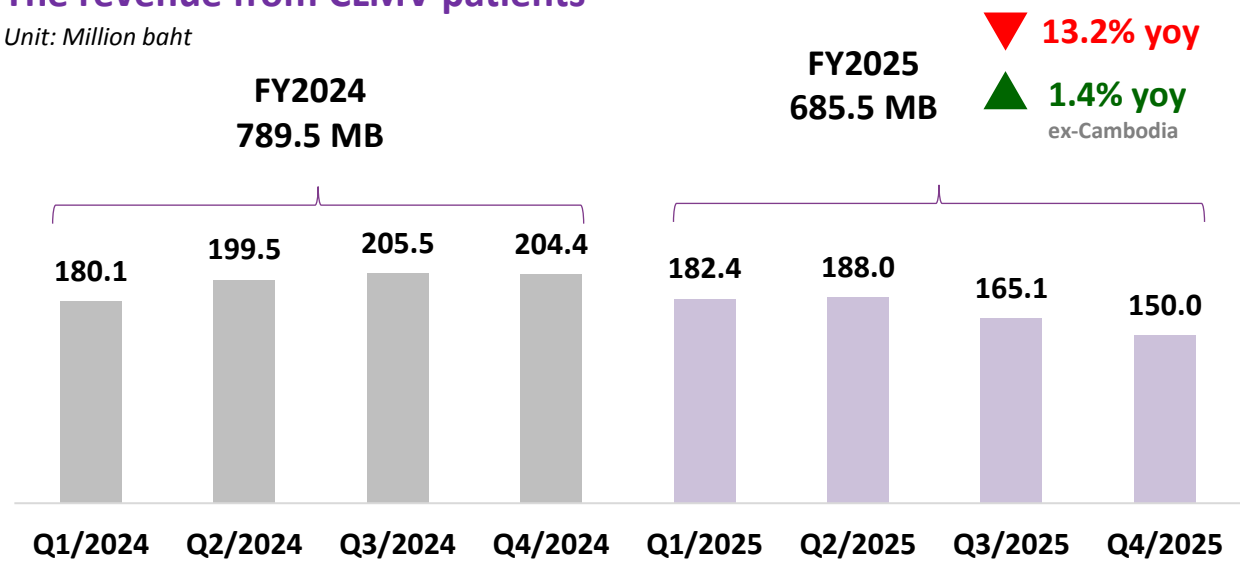

Revenue per bill

Revenue from CLMV patients declined by (13.2%) yoy, due to the lower traffic of Cambodia patients.

The revenue from CLMV patients

Unit: Million baht

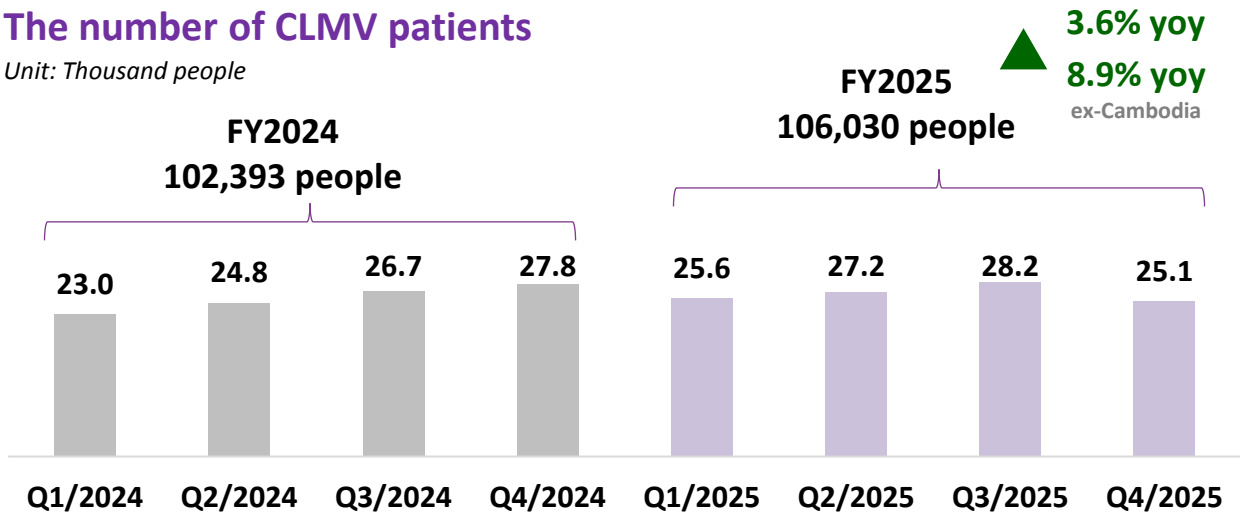

2026 Strategies

- A new facility at Kasemrad Hospital Mae Sai will open in Q2/2026 to expand capacity for patients from Myanmar.
- Strengthened multidisciplinary medical team across key specialties.
- Enhanced referral network for patients from Cambodia to Kasemrad International Vientiane.

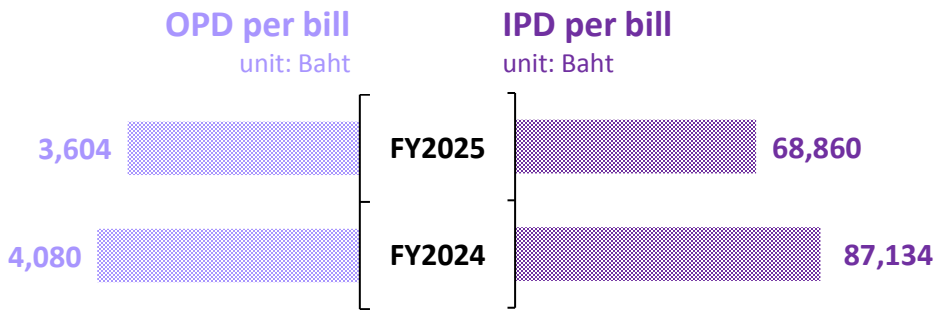

The number of CLMV patients

Unit: Thousand people

Revenue per bill

Revenue per visit and other related statistic information

Descriptions	Q1/2024	Q1/2025	Q2/2024	Q2/2025	Q3/2024	Q3/2025	Q4/2024	Q4/2025	Change (yoy)	FY2024	FY2025	Change (yoy)

* Exclude surplus revenue from the 26 chronic diseases amounting to 77.1 million baht, which was recorded in Q3/2024. If this amount is included, revenue per head would be 4,309.6 baht per head.

** Exclude surplus revenue from 26 chronic diseases amounting to 77.5 million baht, recorded in Q2/2025 If this amount is included, revenue per head would be 4,350.9 baht per head.

Comments

For FY2025;

- 🏠 OPD revenue per bill increased 3.0% yoy, driven by specialized medical centers such as Radiotherapy, Surgery, and Hemodialysis centers. Growth was further supported by increased patient volumes at new and renovated facilities. Additionally, the expansion of Kasemrad Plastic Surgery (KPS) and comprehensive body contouring services significantly contributed to outpatient revenue growth.
- 🏠 IPD revenue per bill increased 8.6% yoy, supported by treatments through specialized centers across the network such as the Comprehensive Heart Center and the Obstetrics Gynecology Center.
- 🏠 SS revenue per head increased 6.0% yoy, driven by high-complexity cases (RW > 2) at a rate of 12,000 baht per RW throughout 2025. Additional growth was driven by patient referral services and sleep apnea diagnostics service, and a 0.6% you increase in the average number of registered persons in the Kasemrad network.

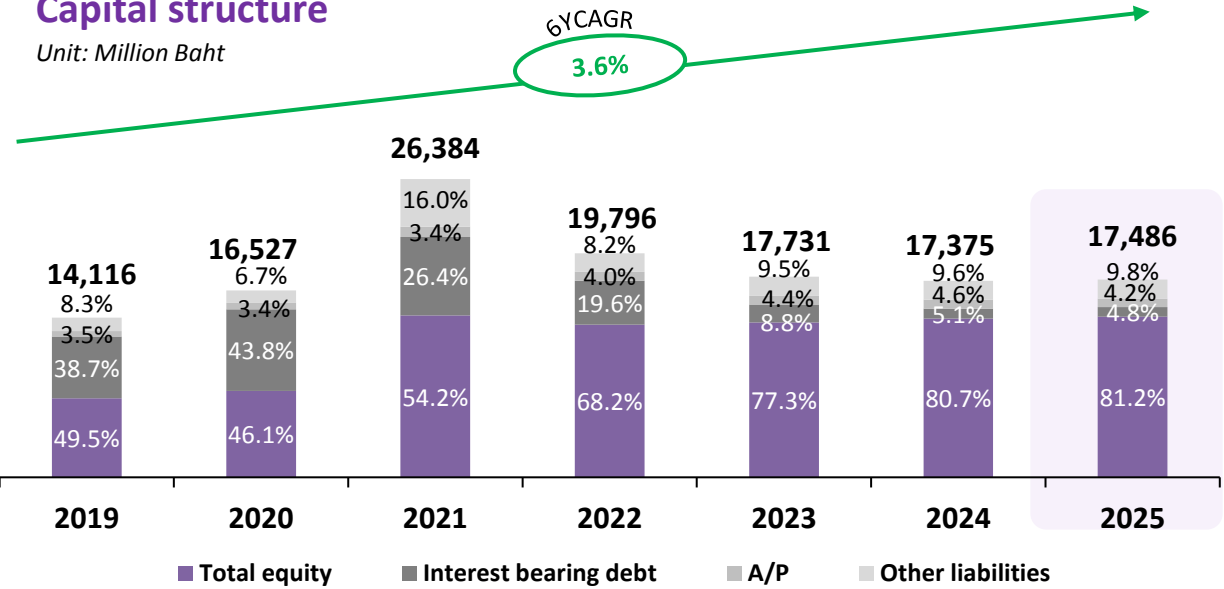

Costs increased by 0.9% YoY, broadly in line with the modest growth in operating revenue

Circulating Tumor DNA

DNA and Epigenetics testing, deep-level cancer screening

Comprehensive Longevity Check-up programs

integrating advanced medical technologies into treatment and rehabilitation services such as **robotics rehabilitation Center** and **robotic surgery** etc.

World Medical Hospital is expanding into advanced innovative treatments and preventive care.

NextStep Robotics Rehabilitation Center, World Medical Hospital

- ★ **Angel Robot technology** assists in rehabilitation for patients with stroke condition, elderly individuals with walking difficulties, patients with muscle weakness and patients recovering from surgery.
- ★ **Angel Robot technology** effectively reduces the risk of long-term disability by supporting gait training, a key component in muscle and neurological rehabilitation with precise walking pattern adjustments, helping prevent permanent gait abnormalities while ensuring a high level of safety during training.

Real treatment cases

Male, 81 years old, rehabilitation after a stroke

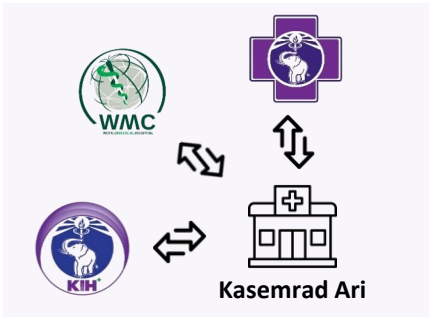

Example applications of angel robot technology

Developing an ecosystem to drive Smart Hospital transformation

★ **Health Chain Innotech Co.,Ltd** is a BCH software subsidiary developing a centralized platform for seamless hospital data connectivity.

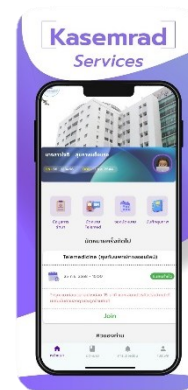

E-Refer System

- ★ **E-refer system** is a centralized platform designed to streamline oncology referrals in collaboration with **Kasemrad Ari** by integrating real-time clinical data, minimizing data errors and providing physicians with advance information to optimize patient care preparation. Additionally, **E-refer system** plans to expand from oncology to cardiac referrals and other specialized medical centers.
- ★ **E-refer system** enhances Kasemrad's service efficiency specifically through **Kasemrad Ari**, which minimizes external oncology referrals for radiotherapy. This optimization **reduces annual referral costs by approximately 50 – 60 MB.**

Kasemrad application

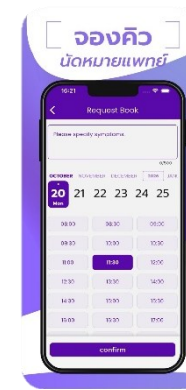

- ★ **Kasemrad Application** is developed to facilitate all patient groups through a one-stop service experience. We ensure data security in full compliance with PDPA regulations, enabling the seamless transfer of medical information across our hospital network.

ESG: Sustainability highlights in 2025

Environmental

Net Zero & Carbon Neutrality

Participated in 13 projects under the **Low Emission Support Scheme (LESS)** and became a member of the **Thailand Carbon Neutral Network (TCNN)** to support greenhouse gas inventory development and implement long-term emission reduction measures.

Currently, 11 projects have received certificates of recognition, while 2 projects are under review.

Green Construction Supply Chain

Selection of construction contractors for new hospital projects with environmental practices, such as construction waste segregation, efficient resource utilization, and greenhouse gas emission monitoring.

Food Waste Management

The company manages patient meal services in collaboration with partners to reduce food waste and enhance the efficiency of medical waste management.

Social (Patients, Employees, Business Partners, Communities, and Society)

Healthcare Access : Volunteer medical units ambulance services, and mobile dental service units

Health Awareness: Organization of training sessions, seminars, workshops, and health talks to promote health knowledge.

Social Support: Blood donation, medical equipment support, and disaster relief assistance.

Patient & Staff Safety: Activities such as Patient Safety Week and emergency response drills.

Employee Well-being: Promoting employee well-being through capability development and staff welfare programs.

Governance

Governance & Investment

Foundation stone laying ceremonies for Kasemrad Hospital Rayong and Kasemrad Hospital Suvarnabhumi under transparent investment governance, supporting local employment.

International Standard

Kasemrad International Hospital Vientiane received international accreditation from the Joint Commission International (JCI).
