Sustainability Development in 3Q25 : Sustainable Care for All

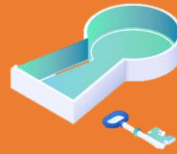

Environment

Integrating eco-efficient practices into healthcare operations for a sustainable environment

- **BDMS Green Healthcare:**
Aimed to evaluate the sustainable operations within the organization –36 environmental projects were initiated, which reduced greenhouse gases by 1,583 tonCO₂eq.
- **Net Zero Award:**
Launched the "**Waste in Operation**" program, over 30 projects to improve waste segregation, focusing on infectious and hazardous waste. This initiative has enhanced waste management, promoted circular economy practices, and reduced total and infectious waste by over 200 tons annually.

Social

Advancing equitable access to health and enhancing well-being for all stakeholders

- **Human Rights Due Diligence & Human Rights Risk Assessment**
Conducted a comprehensive Human Rights Risk Assessment across all operations and stakeholders, issuing mitigation guidelines to prevent high-risk issues and promote human rights throughout the organization and supply chain.
- **Diversity Management and Acceptance of Differences**
BDMS promotes diversity, equity, and inclusion through its DEI Policy and initiatives such as the Skylight PRIDE Clinic, fostering sustainable well-being for all.
- **Sustainable Health and Community Impact**
Social impact initiatives enhanced healthcare access through mobile check-ups, health education, CPR training, and community support, benefiting 77,150 people nationwide.

Governance

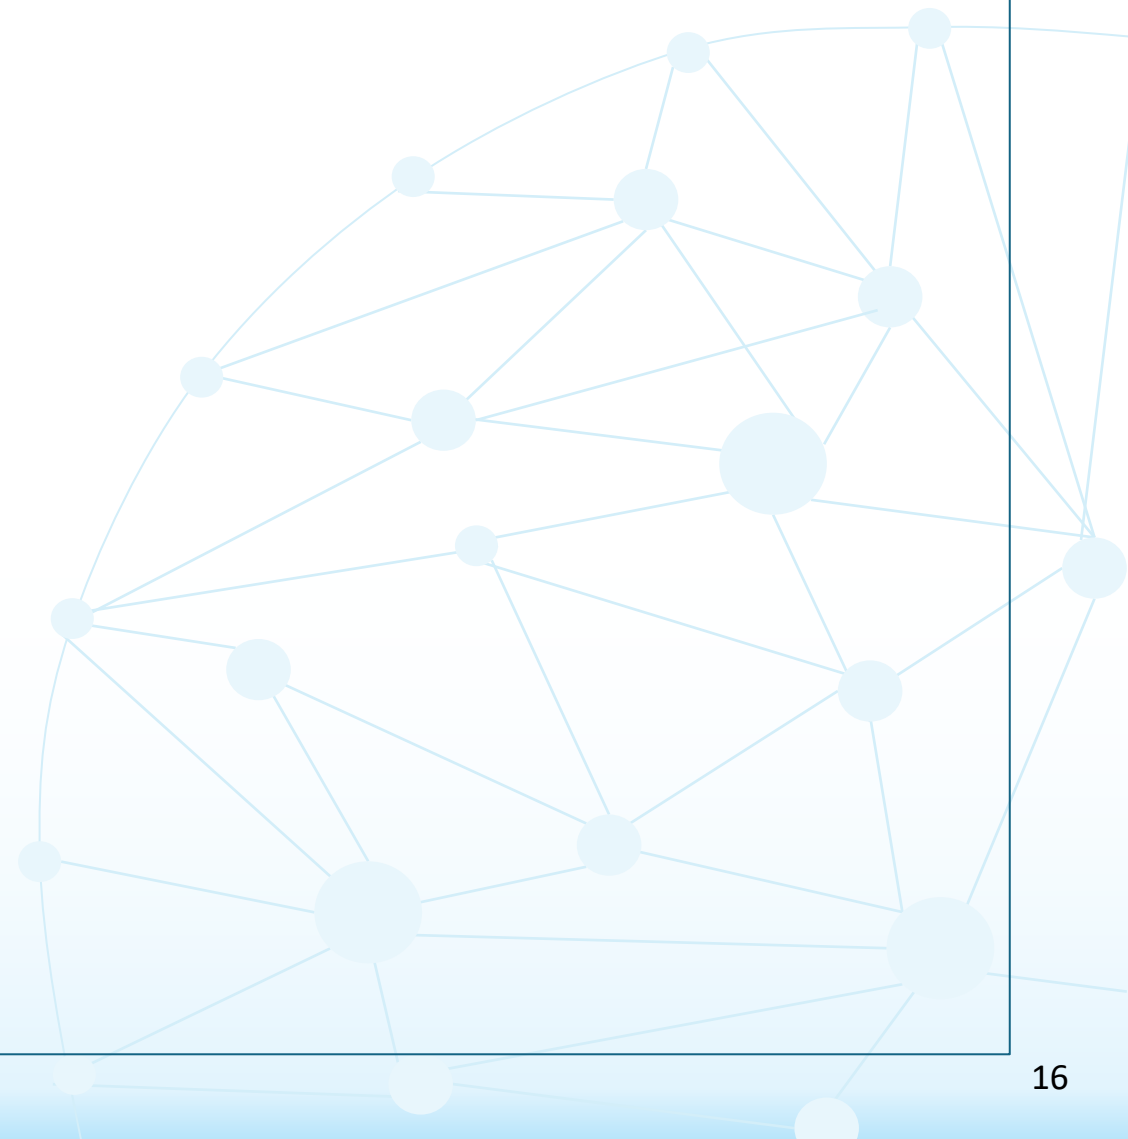

Advancing innovation and governance through integrated risk management.

- **Corporate Governance**
BDMS prioritizes corporate governance at all levels, promoting risk awareness through the "Strengthening the Board's Risk Intelligence" program to enhance directors' roles in overseeing all risk areas.
- **Risk and Crisis Management:**
Enterprise Risk Management conducted company-wide risk assessments and workshops to identify, prioritize, and forecast strategic and high-impact risks, strengthening organizational resilience toward Plan 2026.
- **Innovative Sustainability Healthcare:**
Conducted Innovation Group Contest and BDMS Awards 2025 to drive innovation under the theme "Data-Empowered Transformation," featuring over 600 projects from all eight BDMS business units.
