Dividend Payout to Shareholders

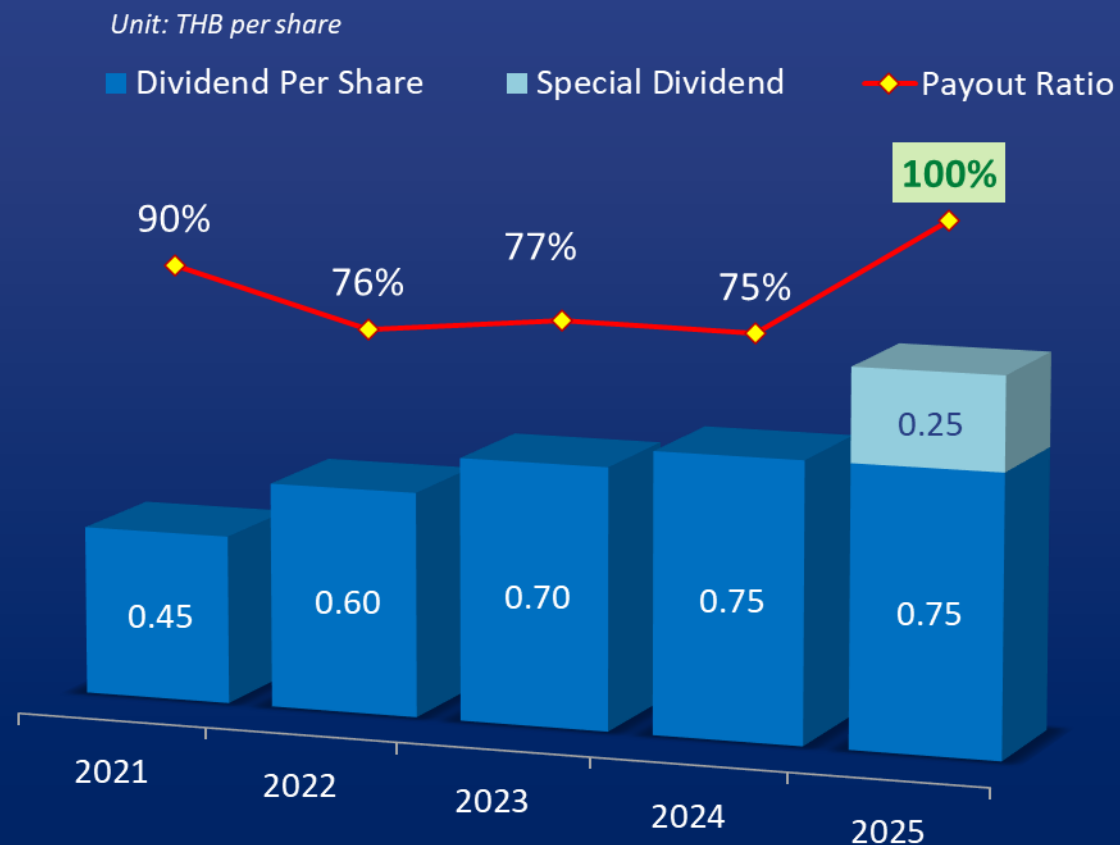

| Dividend Payout Policy $\geq 50\%$ of Consol NPAT

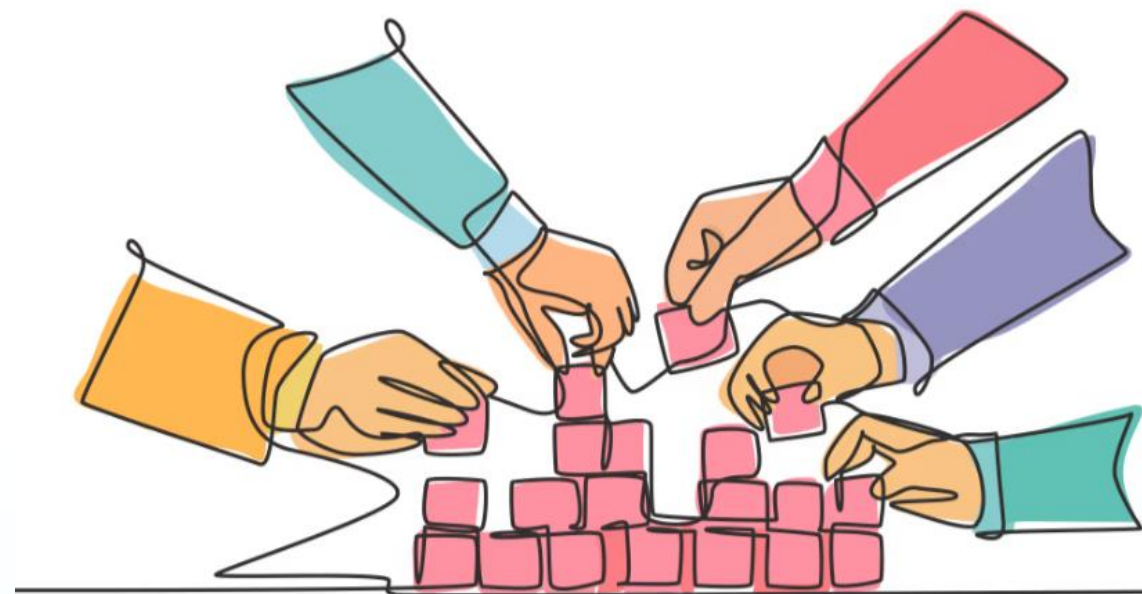

On 25 February 2026, Board of Directors approved the proposal for dividend of **THB 1.00 per share**

Following the interim dividend of THB 0.35 per share paid in September 2025, the final dividend THB 0.65 per share consists of

- Normal dividend at THB 0.40 per share
- **Special dividend at THB 0.25 per share**

BDMS STRATEGY

Health Ecosystem: Value Creation of Good Health

INDIVIDUAL VALUE

- **Empowerment**
(Long live, Fulfillment, Productivity)
- **Resilience**
(Better stress management, Preventive of illness)

SOCIAL VALUE

- **Better health outcome**
(Higher-value care)
- **Accountability & Coordination**
(Sustainable health community)

ECONOMIC VALUE

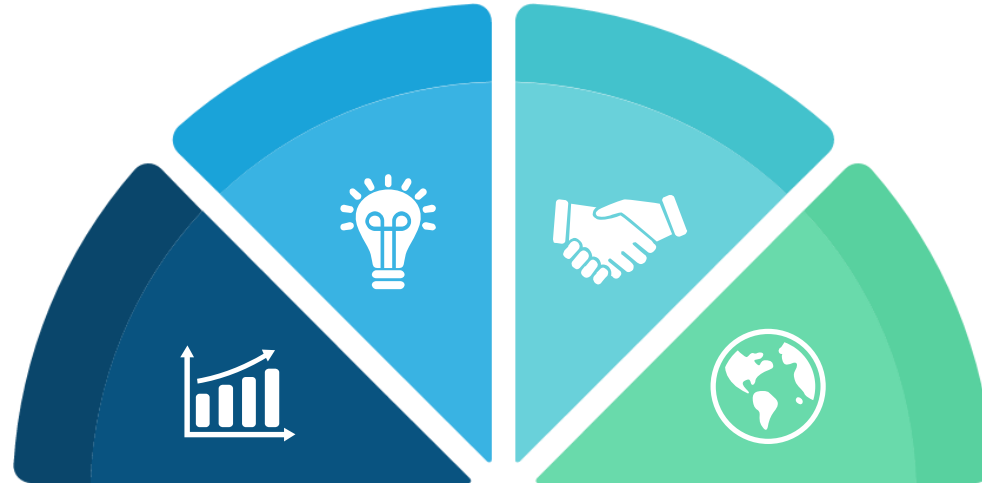

- **Economic boost**
(Healthy workforce, increase productivity)
- **Value optimization**
(Lower long term healthcare expense)

Pharmaceutical Manufacturers

Driving a Future where Individuals and Communities Lead their Own Journey toward Better Health and Well-Being

BUSINESS EFFICIENCY

- Maximize efficiency on existing assets by improving asset utilization, upgrading medical capabilities
- Business cluster strategy
- Supply chain management

SMART HEALTHCARE

- AI adoption to enhance clinical accuracy & efficiency
- Enable data-driven decisions
- Integrating services ensure seamless continuum of care

EXCELLENCE & TRUST

- Value based care
- Strengthen Center of Excellence
- Breakthrough therapies (*Proton & cell therapy*)
- Extreme age care (*geriatric & pediatric*)

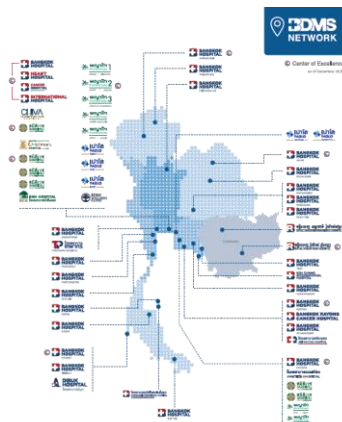

MARKET EXPANSION

- Wellness tourism & local market
- International markets (*balance port & new market*)
- Increase insurance portion
- New digital gateway

Business Cluster

HOSPITAL CLUSTER

- Strengthen competitiveness through enhanced synergy of clinical pathway across hospitals, enabling shared services, standardized best practices, and more efficient allocation of resources

CORE STRENGTHS

Leadership
in clinical excellence

Strong brand trust

Large patient footprint
across Thailand

- Scalable service delivery, preventive care and personalized health solutions

HOME CARE & WELLNESS CLUSTER

Clinic Sites
Access point &
Network connection

Laboratory Network
Diagnosis engine &
Data backbone

Pharmacy Distributor
Continuity of care &
Patient engagement

Pharmacogenomics : PGx for All

Genomic drug matching with AI empowered interpretation for proactive prevention

Improved Patient Safety

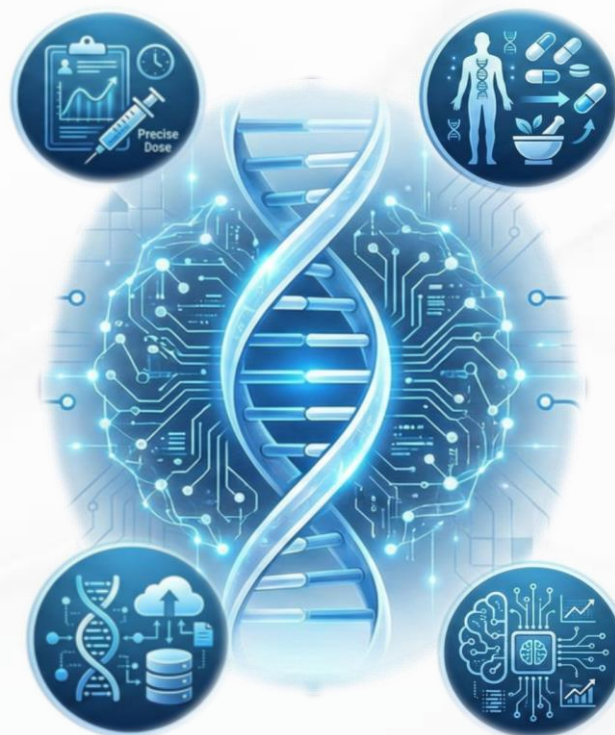

Genetic testing to drug adverse effect detection before prescription

Minimize severe allergic reactions or adverse side effects

Intelligent Insight & Seamless System

Advance algorithms & system integration for **intelligent genomic data analysis**

Seamless hospital integration in every touchpoint

Enhance Clinical Efficacy

Optimized patient dosing to ensure precise doses & minimize adverse side effects

Deliver value-based care with the right drugs & the right dose

Pharmacogenomics Database

Codevelop with Thailand's largest medical school to drive the **next generation precision diagnosis**

Provide key pharmacogenetic testing with wide variation

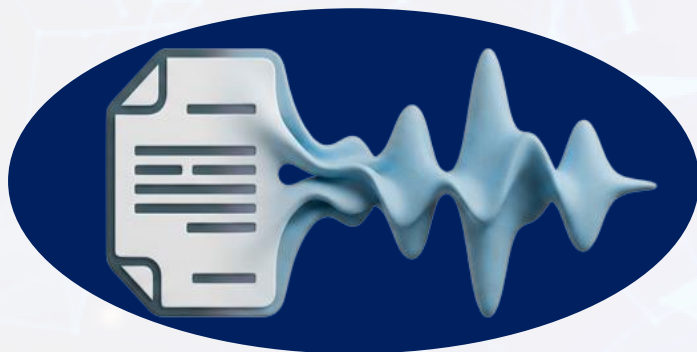

3,500 severe cases prevented, saving **100 MB** unforeseen adverse healthcare expenses
+26,000 patients tested across **350** hospitals nationwide

Implementation since 2Q25

Automatic Speech Recognition : ASR

Revolutionizing clinical workflow: returning time to patient care

Automatic Speech Recognition Solution

AI empowered ambient clinical note generation
Reduce burn out & restore eye-to-eye connect

Realtime capture clinical information
Uplift care standard thru reduce error note

Automated convert clinical data to structured note
Lead to effective utilization review & billing

96%

Accuracy in speech processing within a 60-second benchmark

200K

Usage sessions and growing across

+30

BDMS network hospitals

99%

Improvement in patient response rate restoring time to medical professionals

SET Awards of Honor 2025: Best Innovative Company Awards

BDMS Utilization Review Technology Intelligent Utilization Review Platform for Sustainable Healthcare

Data driven healthcare

AI empowered for medical utilization management

Automated workflow

Automated medical utilization review within **7 min**

Maximize value based care

Reduce health risk & PDPA protection from sensitive data

✓ Standardize clinical decision making
98% accuracy
from +200,000 total data testing

✓ Workload reduction
+127,000 hrs saved / year
33.5 MB Saving on staff management

✓ Risk reduction
+10K reviewed cases
from opioid med & Infection IV usages

Adopted in **+35** BDMS network hospitals with **+800K** reviewed cases

Projects in the Pipeline

Expanding Capacity at New & Existing Locations

~9,300 beds

2025

- ✓ Samitivej International Children (103 beds)
- ✓ Bangkok Chiangmai (90 beds)
- ✓ Phyathai Bowin (220 beds)
- ✓ Bangkok Khao Yai (71 beds)

Greenfield project

Remark:- Structured beds

2026

- Bangkok Hua Hin (52 beds)
- Bangkok Surat (60 beds)

2027

- Bangkok Udon – Radiation Center

~9,600 beds

2028-2029

- New Rehabilitation Building at Headquarters (BHQ)
- Bangkok Proton Center at BHQ
- Bangkok Phuket – new OPD building
- Expansion of existing hospitals

2030

BDMS Silver Wellness & Residence

**BDMS Recognized for Sustainability
in Health Care Providers & Services sector**

**Ranked No.1
in the World**

3 Consecutive years in DJSI World
5 Consecutive years in DJSI Emerging Markets

Achieving the Highest Score
in Governance, Economic, and Social Dimensions

Environment

Integrating eco-efficient practices into healthcare operations for a sustainable environment

BDMS Green Healthcare

In 2025, a total of **38 initiatives across 19 sites** delivered measurable environmental outcomes:

- **Energy savings:** 3,818.67 MWh
- **Waste recycled:** 243 tons
- **Water recycled:** 1.32 million cubic meters
- **Carbon reduction:** 3,225.59 tCO₂e

These results demonstrate BDMS's strong commitment to operational efficiency and sustainable healthcare practices.

Climate Mitigation - Renewable Energy

As of 2025, BDMS continued advancing its climate strategy through the expansion of renewable energy:

- **Solar installations:** Implemented at **45 locations**
- **Renewable energy consumption:** 24,305.62 MWh.
- **Share of total energy consumption:** 6.2%
- **Growth vs 2024:** +55.4%

Social

Advancing equitable access to health and enhancing well-being for all stakeholders

Excellence in Patient Experience

Achieved a consistently high patient satisfaction score of 94.2%, surpassing 89% of international healthcare benchmarks, reflecting strong and consistent service quality.

Caring for Employees' Holistic Well-being

Promoted an **equitable, inclusive across a diverse and multicultural workforce** fostering unity, respect, and a harmonious work environment.

Sustainable Health & Community Impact

Through BDMS network and the Vejdusit Foundation, BDMS delivered healthcare services to support physical and mental health benefiting over 110,000 people and contributing THB 40.6 million in community support.

Governance

Advancing innovation and governance through integrated risk management.

Risk and Crisis Management:

For 2026, BDMS completed a comprehensive risk identification and assessment across key areas. This strengthens organizational readiness and enables proactive, adaptive responses to evolving challenges.

Research, Development, and Intellectual Property

BDMS delivered **66 new R&D projects**, bringing the cumulative total to 213 projects. Outcome included 195 intellectual property (IP) registrations filed with the Department of Intellectual Property and other relevant authorities - comprising 23 copyrights, 18 patents, and 154 trademarks.

Sustainable Supply Chain Management

Through its Local Supplier Initiative, BDMS enhances supply chain resilience by increasing engagement with domestic suppliers. This approach reduces reliance on imports, strengthens business continuity, streamlines operations, lowers transportation costs, and decreases associated greenhouse gas emissions.

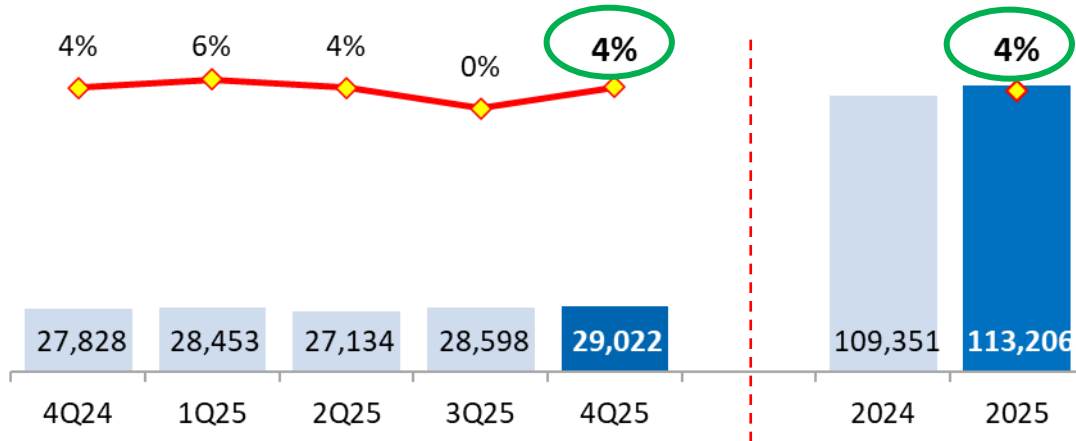

OPERATIONAL STATISTICS

Operating Income and Hospital Revenue

Operating Income Trend

(THB mm)
