

Bangkok Dusit Medical Services Public Company Limited  
and its subsidiaries  
Review report and consolidated and separate financial information  
For the three-month and six-month periods ended 30 June 2025

## **Independent Auditor's Report on Review of Interim Financial Information**

To the Shareholders of Bangkok Dusit Medical Services Public Company Limited

I have reviewed the accompanying consolidated financial information of Bangkok Dusit Medical Services Public Company Limited and its subsidiaries ("the Group"), which comprises the consolidated statement of financial position as at 30 June 2025, the related consolidated statements of income and comprehensive income for the three-month and six-month periods then ended, and the related consolidated statements of changes in shareholders' equity and cash flows for the six-month period then ended, as well as the condensed notes to the interim consolidated financial statements. I have also reviewed the separate financial information of Bangkok Dusit Medical Services Public Company Limited for the same period (collectively "the interim financial information"). Management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard 34 Interim Financial Reporting. My responsibility is to express a conclusion on this interim financial information based on my review.

### **Scope of Review**

I conducted my review in accordance with Thai Standard on Review Engagements 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

### **Conclusion**

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard No. 34 Interim Financial Reporting.

The accompanying notes are an integral part of the financial statements.

**Bangkok Dusit Medical Services Public Company Limited and its subsidiaries**

**Condensed notes to interim financial statements**

**For the three-month and six-month periods ended 30 June 2025**

**1. General information**

**1.1 Basis for the preparation of interim financial statements**

This interim financial statements are prepared in accordance with Thai Accounting Standard 34 Interim Financial Reporting, with the Company presenting condensed interim financial statements. The Company has presented the statements of financial position, income, comprehensive income, changes in shareholders' equity, and cash flows in the same format as that used for the annual financial statements and has presented notes to the interim financial statements on a condensed basis.

The interim financial statements are intended to provide information additional to that included in the latest annual financial statements. Accordingly, they focus on new activities, events and circumstances so as not to duplicate information previously reported. These interim financial statements should therefore be read in conjunction with the latest annual financial statements.

The interim financial statements in Thai language are the official statutory financial statements of the Company. The interim financial statements in English language have been translated from the Thai language interim financial statements.

**1.2 Basis of consolidation**

These interim consolidated financial statements include the financial statements of Bangkok Dusit Medical Services Public Company Limited and its subsidiaries ("the Group") and have been prepared on the same basis as that applied for the consolidated financial statements for the year ended 31 December 2024. There have been changes in the structure of the subsidiaries during the current period as discussed in Note 6 to the financial statements.

**1.3 Significant accounting policies**

The interim financial statements are prepared using the same accounting policies and methods of computation as were used for the financial statements for the year ended 31 December 2024 except the accounting policy for embedded derivatives and hedge accounting which the Group applied for the financial statements in current period as follows:

### **Embedded derivatives**

A derivative embedded in a hybrid contract, with a sales-purchase agreement that is a non-financial host, is separated from the host, measured at fair value with changes in fair value recognised in profit or loss and accounted for as a separate derivative if:

- the economic characteristics and risks are not closely related to the host;
- a separate instrument with the same terms as the embedded derivative would meet the definition of a derivative; and
- the hybrid contract is not measured at FVTPL.

Reassessment only occurs if there is either a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required or a reclassification of a financial asset out of the FVTPL category.

### **Hedge accounting**

For the purpose of hedge accounting, the Group classified their hedges as cash flow hedges when hedging the exposure to a variability in cash flows that is either attributable to a particular risk associated with a recognised asset or liability or a highly probable forecast transaction or the foreign currency risk in an unrecognised firm commitment.

At the inception of a hedging relationship, the Group formally designates and documents the hedging relationship to which it wishes to apply hedge accounting and the risk management objective and strategy for undertaking the hedge.

The documentation, at the inception of the hedge and on an ongoing basis, includes identification of the hedging instrument, the hedged item, the nature of the risk being hedged and how the Group will assess whether the hedging relationship meets the hedge effectiveness requirements, including analysis of the sources of hedge ineffectiveness and how the hedge ratio is determined.

A hedging relationship qualifies for hedge accounting if it meets all of the following hedge effectiveness requirements:

- There is 'an economic relationship' between the hedged item and the hedging instrument.
- The effect of credit risk is not the dominant factor in the value changes that result from that economic relationship.
- The hedge ratio of the hedging relationship is the same as that resulting from the quantity of the hedged item that the Group actually hedges and the quantity of the hedging instrument that the Group actually uses to hedge that quantity of hedged item.

Hedges that meet all of the qualifying criteria for hedge accounting are accounted for, as described below:

### ***Cash flow hedges***

The effective portion of the gain or loss on the hedging instrument is recognised in other comprehensive income in the cash flow hedge reserve, while any ineffective portion is recognised immediately in profit or loss. The cash flow hedge reserve is adjusted to the lower (in absolute amounts) of the cumulative gain or loss on the hedging instrument and the cumulative change in fair value of the hedged item.

The way cash flow hedge reserve accumulated in other comprehensive income are subsequently accounted for, depends on the nature of the underlying hedged transaction. If the hedged transaction subsequently results in the recognition of a non-financial item, the reserve accumulated in equity is removed from the separate component of equity and included in the initial cost or other carrying amount of the hedged asset or liability. This is not a reclassification adjustment and is not recognised in other comprehensive income for the period.

If cash flow hedge accounting is discontinued, the cash flow hedge reserve accumulated in other comprehensive income must remain in equity if the hedged future cash flows are still expected to occur. Otherwise, the reserve will be immediately reclassified to profit or loss as a reclassification adjustment. After discontinuation, once the hedged cash flow occurs, the way the reserve remaining in equity is accounted for depends on the nature of the underlying transaction as described above.

The Group designates only the intrinsic value of the options and the financial instrument excluding the foreign currency basis spread as a hedging instrument. The change in fair value of the time value of the options and the foreign currency basis spread of financial instrument that relates to the hedged item is separately accounted for as a cost of hedging which is recognised in other comprehensive income and accumulated in a separate component of equity under cost of hedging reserve.

Due to the hedged item is transaction-related and non-financial item, the accumulated cost of hedging reserve is removed directly from equity and included in the initial carrying amount of the recognised non-financial item. Furthermore, if the Group expects that some or all of the loss accumulated in cost of hedging reserve will not be recovered in the future, that amount is immediately reclassified to profit or loss.

The revised financial reporting standards which are effective for fiscal years beginning on or after 1 January 2025, do not have any significant impact on the Group's financial statements.
