#### 3Q25 Performance

Bangkok Dusit Medical Services Public Company Limited (“The Company”) and its subsidiaries reported consolidated operating income of Baht 28,598 million for the third quarter of 2025 (“3Q25”), remaining at a similar level to that of 3Q24. However, the Company and its subsidiaries reported EBITDA of Baht 7,193 million, a slight increase of 1% YoY and net profit of Baht 4,319 million, an increase of 2% YoY. The improvement was mainly due to continued cost control measures, lower finance expenses from effective financial management and tax privileges from various investment promotion measures.

#### 9M25 Performance

For nine-month period ended 30 September 2025 (“9M25”), the consolidated operating income were Baht 84,184 million, increased by 3% YoY. The growth was attributable to an increase in revenue from hospital operations of 4% YoY driven mainly from Thai patient revenues growth of 3% YoY together with international patient revenues growth of 6% YoY.

The Company and its subsidiaries reported EBITDA of Baht 20,563 million, increased by 5% YoY and net profit of 12,155 million, increased by 4% YoY.

### Business Overview, Strategy and Industry Update

The Company is the largest private healthcare provider in Thailand. It operates a network of 60 hospitals under six hospital groups: Bangkok Hospital, Samitivej Hospital, BNH Hospital, Phyathai Hospital, Paolo Hospital, and Royal Hospital. Additionally, the Company is involved in supporting medical services, pharmaceutical production, saline solution production, and drug stores.

Strategy and Project Development in 2025: The Company is committed to achieving excellence in healthcare by focusing on medical treatments to achieve optimal outcomes at affordable prices (Value-Based Healthcare), aiming to drive sustainable business growth. Projects in pipeline in 2025 are as follows:

- **March 2025:** Samitivej Srinakarin Hospital has opened the new Samitivej International Children’s Hospital, comprising 103 structured beds in Bangkok.
- **May 2025:** Bangkok Hospital Chiangmai opened a new 90 structured beds facility in Chiangmai.
- **July 2025:** A new hospital, Phyathai Bowin Hospital, with a capacity of 220 structured beds, has been established in Chonburi.

- **November 2025:** The 60<sup>th</sup> network hospital, Bangkok Hospital Khao Yai, has recently opened a new facility with 71 structured beds facility in Nakhon Ratchasima.

#### Industry Update and Emerging Risks Management:

##### **Influenza Cases**

According to the Influenza Situation Report in Thailand 2025 by the Department of Disease Control, Ministry of Public Health, the number of influenza cases nationwide in 3Q25 was significantly lower than the same period last year, which was partially affected the hospital revenue. However, in October 2025, influenza cases increased substantially compared to the same month last year, which have a positive impact on hospital revenue growth in October 2025.

##### **Thai- Cambodia dispute since September 2025**

The conflict situation along the Thai–Cambodia border, which has persisted since June 2025, has caused travel difficulties for Cambodian patients seeking medical treatment in Thailand, resulting in a significant decline in revenue from this patient group. Revenue from Cambodian patients decreased from approximately 3% of hospital revenue in 6M25 to approximately 1% in 3Q25.

The Company is aware of the impact of this situation and has implemented marketing strategy adjustments, both domestically and internationally, to mitigate the effect.

#### **Major Developments in 3Q25**

1. TRIS Rating affirms BDMS and debentures rating at “AA+”, with a “stable” rating outlook.

TRIS Rating affirms the Company rating and senior unsecured debentures rating at “AA+”, with a “stable” rating outlook. The ratings reflect BDMS’s strong market position as the largest private healthcare provider in Thailand with its extensive network of hospitals and strong

franchise of hospital brands. The ratings also take into consideration the Company’s sound operating performance and strong balance sheet.

#### **2. New Network Hospital**

- **Phyathai Bowin Hospital** (Chonburi Province) commenced operations in July 2025, opening its first phase with 59 beds out of a total structural capacity of 220 beds. The hospital was established to meet the rapidly growing healthcare demand in the Eastern Economic Corridor (EEC) area. It provides medical services to Social Security patients, insured patients, and general patients.
- **Bangkok Hospital Khao Yai** (Nakhon Ratchasima Province) commenced operations in November 2025, launching its first phase with 28 beds out of a total structural capacity of 71 beds. The hospital focuses on orthopedics, trauma care, and functions as a referral and transfer center, in collaboration with Bangkok Hospital Ratchasima and Bangkok Hospital Pakchong. It aims to serve second home residents and visitors in the area.

#### **3Q25 Consolidated Financial Summary**

| <b>Total Operating Income</b> | <b>28,598</b> | <b>28,536</b> | <b>Flat</b> |

In 3Q25, total operating income was Baht 28,598 million, remaining stable compared to 3Q24.

- Revenues from hospital operations were Baht 27,356 million, an increase of Baht 270 million or

1% YoY mainly from growth of Thai patient and international patient revenue of 1% YoY.

Revenue from Thai patients in 3Q25 grew modestly compared to 3Q24, mainly due to the domestic economic slowdown and a decline in patient volume from infectious diseases such as influenza.

Revenue from international patients grew slightly, as it was affected by a 65% decrease in revenue from Cambodian patients compared to 3Q24, following the Thailand-Cambodia border conflict. Nevertheless, key international patient groups continued to show good growth, Myanmar (+35%), Qatari (+31%) and American (+20%), helping offset the decline. **Excluding revenue from Cambodian patients, international patient revenue would increase by approximately 10% YoY.**

As a result, the revenue mix between Thai and international patients remained unchanged at 74% and 26%, respectively, consistent with 3Q24.
