Ref. PD No. 013/2026

17 June 2026

Subject: Increase in Investment Budget for the BDMS Silver Wellness & Residence Project

Attention: President
The Stock Exchange of Thailand

Reference is made to the resolution of the Board of Directors' Meeting of Bangkok Dusit Medical Services Public Company Limited (the **"Company"**) No. 5/2022, held on 25 May 2022, approving the Company and/or its subsidiaries to enter into a long-term land lease agreement in respect of a land plot of 13 rai 60.18 square wah located at the corner of Sarasin Road and Langsuan Road (opposite Lumpini Park), Lumpini Sub-district, Pathum Wan District, Bangkok, from the Privy Purse Bureau (formerly known as the Crown Property Bureau), which is not a connected person of the Company, for the development of the **"BDMS Silver Wellness & Residence"** project (the **"Project"**).

The Project is a mixed-use development intended to promote health and quality of life by integrating nature and community. It comprises four main components: Wellness Residence, Wellness Clinic, Urban Wellness Retreat, and Premium Lifestyle Mall, with a total gross floor area of approximately 170,000 square meters and a total investment budget of Baht 23,545 million. The Company has established BDMS Silver Company Limited, a wholly-owned subsidiary of the Company, to undertake the Project.

The transaction had a transaction size, calculated based on the total value of consideration criterion, of 18.0 percent of the total assets of the Company and its subsidiaries, based on the reviewed consolidated financial statements for the period ended 31 March 2022. When aggregated with other asset acquisition transactions during the preceding six-month period, which had a transaction size of 4.8 percent, the aggregate transaction size was 22.8 percent. The Company has duly complied with its obligations by disclosing the relevant information to the Stock Exchange of Thailand on 25 May 2022 and sending a circular notice to shareholders on 10 June 2022, within 21 days from the date of disclosure, in accordance with the Notification of the Capital Market Supervisory Board No. TorChor. 20/2551 Re: Rules on Entering into Material Transactions Deemed as Acquisition or Disposal of Assets, and the Notification of the Board of Governors of the Stock Exchange of Thailand Re: Disclosure of Information and Other Acts of Listed Companies Concerning the Acquisition or Disposal of Assets B.E. 2547 (2004), including any amendments thereto (collectively, the **"Notifications on Acquisition or Disposal of Assets"**).

The Board of Directors' Meeting of the Company No. 1/2026 (Special Agenda), held on 17 June 2026, resolved to approve BDMS Silver Company Limited's increase of the investment budget for the Project by Baht 5,455 million, from Baht 23,545 million to Baht 29,000 million. The increase is mainly attributable to two factors. First, the gross floor area of the Project has been increased from approximately 170,000 square meters to approximately 207,202 square meters in order to enhance the value and commercial potential of the Project, which is in line with the Company's direction to expand its wellness business. Second, construction costs have increased in line with market conditions.

When the entire additional investment budget of Baht 5,455 million is calculated as the transaction size under the total value of consideration criterion by reference to the total assets of the Company and its subsidiaries based on the latest reviewed consolidated financial statements for the period ended 31 March 2026, the transaction size of the additional investment budget is 3.39 percent. When aggregated with other asset acquisition transactions of the Company and/or its subsidiaries during the six-month period prior to the date on which the Board of Directors approved the transaction, which had a transaction size of 6.18 percent, the aggregate transaction size is 9.58 percent. This is lower than the 15 percent threshold which would trigger the obligation to disclose information under Clauses 16 and 17 of the Notifications on Acquisition or Disposal of Assets. Therefore, the Company is not required to make any additional disclosure or seek approval from the shareholders' meeting for this increase in investment budget under the Notifications on Acquisition or Disposal of Assets.

At present, the Project has already obtained approval of its Environmental Impact Assessment (EIA) report and will be launched under the name "WellEra", based on the concept of "THE DNA OF WORLD WELL-LIVING." The project is currently under construction and is expected to be completed in 2030.

The Company will continue to report on the progress of the Project to investors.

Please be informed accordingly.

Yours sincerely,

Signed by Poramaporn Prasarttong-Osoth
